Dear Ms. Troupe:

AEP Ohio Transmission Company, Inc. (the “Company”) wishes to withdraw the Letter of Notification application for the above-referenced Project for the Company to provide additional information related to the Project, in addition to referencing information previously filed, which remains unchanged.

The Company will file the application for this project under a new case number, and respectfully request approval to allow construction to start approximately October 1, 2021, under the good cause provisions of Rule 4906-6-03(B) of the Ohio Administrative Code. This shorter approval period is appropriate and necessary in light of the fact that the project has not materially changed from that filed on May 28, 2021, under the above-captioned case number, and because approval before October 1, 2021 is necessary to avoid delays in the start of construction and compliance with required outage windows and environmental conditions.

Respectfully submitted,

/s/ Hector Garcia
