**Re: Wild Grains Solar, LLC,  
Case No. 21-823-EL-BGN**

Dear Ms. Troupe:

Pursuant to Ohio Administrative Code 4906-3-03(B)(2) Wild Grains Solar, LLC files notice that on July 28, 2021, the attached letter (Attachment 1) was mailed via first class mail to each property owner and affected tenant within the project area, as listed on Attachment 2, at least 21 days before the informational meeting.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Dylan F. Borchers

**Re:** Ohio Power Siting Board Application of **Wild Grains Solar, LLC** for a Certificate of Environmental Compatibility and Public Need

Dear Property Owner or Tenant within Hoaglin Township

Introduction

Wild Grains is proposing to develop, construct, and operate an up to 150 megawatt capacity ("MWac") solar-powered electric generating facility (the "Facility") in Hoaglin Township, Van Wert County, Ohio.

As the attorney representing Wild Grains Solar, LLC ("Wild Grains") before the Ohio Power Siting Board ("Board"), I am sending this letter to all known landowners and tenants in Hoaglin Township. Please note that the Ohio Administrative Code ("OAC") Rule 49063-03(B)(2) requires the applicant to notify all property owners and affected tenants contiguous to the planned project area. This may or may not include your property. Because we may not have a list of all tenants, I request that property owners who have land along or contiguous to the project routes share this letter with their tenants or contact me with their tenants' names and addresses so that I can send them information.

Description of Facility

Wild Grains is proposing to develop, construct, and operate an up to 150 megawatt capacity ("MWac") solar-powered electric generating facility (the "Facility") in Hoaglin Township, Van Wert County, Ohio.

Description of the Certification Process

In order to construct, operate and maintain the Facility, Wild Grains must obtain permission from the Board. That permission is provided in the form of a Certificate.

In the near future, Wild Grains will submit to the Board an Application for a Certificate of Environmental Compatibility and Public Need to construct, operate, and maintain the Facility. Once the application is submitted, the Board will preliminarily review the application to determine whether it is complete and contains all necessary requirements. No later than 60 days after the application is filed, the Chair of the Board will notify Wild Grains whether the application is complete and contains all necessary requirements. The docket number that has been assigned to this matter is Case No. 21-823-EL-BGN.

Assuming the application is found to be complete the Board is required to promptly fix dates for public hearings: a non-adjudicatory local public hearing to be held in a nearby location; and, also an adjudicatory hearing to be held at the offices of the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793.

July 28, 2021

Page 2

Prior to the hearings, however, the application will be reviewed by the Board staff. The review must be completed and the staff must submit a written report to the Board not less than fifteen days prior to the date of the local public hearings and no more than 75 days from the date the application is deemed complete (the actual schedule could be shorter). The report will set forth the nature of the investigation and contain recommended findings with regard to the criteria the Board must use to review the application. A copy of the report will be made available to any person upon request.

The criteria the Board must use to review the application are as follows:

- (1) the basis of the need for the facility;
- (2) the nature of the probable environmental impact;
- (3) that the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives, and other pertinent considerations;
- (4) in the case of an electric transmission line, that the facility is consistent with regional plans for expansion of the electric power grid of the electric systems serving this state and interconnected utility systems and that the facility will serve the interests of electric system economy and reliability;
- (5) that the facility will comply with Chapters 3704, 3734, and 6111 of the Revised Code and all rules and standards adopted under those chapters and under Sections 1501.33, 1501.34 and 4561.32 of the Revised Code;
- (6) that the facility will serve the public interest, convenience, and necessity;
- (7) the impact on the viability as agricultural land of any land in an existing agricultural district established under Chapter 929 of the Revised Code that is located within the site (route) and alternative site (route) of the proposed major utility facility (pipeline);
- (8) that the facility incorporates maximum feasible water conservation practices as determined by the Board, considering available technology and the nature and economics of the various alternatives.

After the hearings are completed, recent Board practice is that the Board directs the administrative law judge who presides over the hearings to prepare a draft order for its review and consideration. The Board will issue a final decision within a reasonable time after conclusion of the hearings. If a party is not satisfied with the Board's decision, an application for rehearing can be submitted and if the Board denies the rehearing application, the party can appeal to the Ohio Supreme Court.

Parties who are interested in this application may file a petition to intervene in the adjudicatory hearing or they may ask the Board to send them notices by sending the request to the Board. Petitions to intervene will be accepted by the Board up to 30 days following the publication of the newspaper notice setting the date for the hearings, or later, if good cause is shown. However, the Board strongly encourages interested persons who wish to intervene in the adjudicatory hearing to file their petitions as soon as possible.

July 28, 2021  
Page 3

Petitions should be addressed to the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 and cite the above-listed Case No. 21-283-EL-BGN.

You may access all the filings in this case at the PUCO website at <https://opsb.ohio.gov/wps/portal/gov/opsb/cases> and follow the instructions to retrieve copies of all filings in the case.

The Board's address is 180 East Broad Street, Columbus, Ohio 43215-3793; its telephone number is (866) 270-6772; its website is <https://opsb.ohio.gov/wps/portal/gov/opsb/>; and its email is [contactOPSB@puco.ohio.gov](mailto:contactOPSB@puco.ohio.gov).

Public Informational Meeting

Wild Grains has arranged for a public community meeting to be held on **Wednesday, August 18, 2021** from **6:00 p.m. to 8:00 p.m.** at the Van Wert Fairgrounds located at 1055 S. Washington Street, Van Wert, Ohio 45891. The meeting format will be similar to an open house. Maps of the project area will be available to review. Company representatives will also be available to answer questions. Those who attend the meeting may write comments that the applicant will summarize and include in its application.

Conclusion

We expect that the Board will conclude, as we believe, that the Facility will benefit the community and the region. If you have any questions, you may contact Jeffrey Reinkemeyer at [info@wildgrainssolar.com](mailto:info@wildgrainssolar.com) or by phone at (815)-674-4279.

Sincerely,

Dylan F. Borchers
