Dear OPSB,

The Case Document filed on 09/03/2021 page 19 (4/5) needs to have the Program Document Appendix C included to be accurate. Appendix C shows that 12 cents per kwh was used and 4 percent per year inflation was used. It also shows other assumptions used to obtain the \$38,000 and \$48,000 numbers. To obtain Appendix C go to: clearviewsolarproject.com/home-solar-program and download the Program Document which includes Appendix C.

The Case Document filed on 09/03/2021 pages 20(1/4) and 21(1/29) are to show reasonable assumptions to the 12 cents per kwh and 4 percent yearly inflation used in Appendix C.

Since taxpayers will be contributing almost 50 million dollars to this project, the OPSB legal department should provide a ruling on the leases on the Case Document website for taxpayer information.

Sincerely

Dennis Schaefer
