Case No 00704072

Facts

Debreczeni & Petrash CPAs Inc. (Customer) is a customer of The Illuminating Company (Utility). The Customer leases an office in N Royalton Ohio with four electric meters. (Exhibit 5 Floor Plan)

The Utility charges the Customer for actual consumption based on meter readings. In addition to consumption, it also charges a "Customer Charge", a "Distribution Related Component", and "Cost Recovery Charges" for each of the four meters.

Complaint

The Utility is charging for each meter separately as if there were four separate customers with four different locations.

It sends the Customer four bills, each one includes a "Customer Charge", a "Distribution Related Component", and "Cost Recovery Charges". These items should only be charged once per customer. The Customer is being charged for them four times, once for each meter. (Exhibit 1 Electric Bills)

These three charges, not including the consumption charge, average \$376 per month or \$94 per meter. (Exhibit 4 Detail of Monthly Bills)

The Customer also has four gas meters. It was receiving four gas bills with four customer charges. The gas company combined the bills into one and eliminated three of the customer charges. (Exhibit 2 Gas Bill)

Law & Argument

Rule 4901:1(D) of the Ohio Administrative Code states that "No electric utility shall commit an unfair or deceptive act or practice in connection with the promotion or provision of service, including an omission of material information."

Rule 4901:1(D)(2) of the Ohio Administrative Code states that an unfair or deceptive act includes "an electric utility charges a customer for a service for which the customer did not make an initial affirmative order."

Debreczeni & Petrash CPAs Inc

Case No 00704072

September 7, 2021

The Utility is billing the Customer four times for items that should only be charged once per customer. This is an unfair practice that is unreasonable and unjust.

The Customer did not knowingly make an initial affirmative order for these, and the Utility doesn't provide any services to justify the additional charges.

The Utility did not notify the Customer that it would charge these items for each meter.

For these reasons it is in violation of Rule 4901.1(D) and Rule 4901:1(D)(2) of the Ohio Administrative Code.

The Utility over charged the Customer from August 1, 1999, until present. The Customer asks that the Utility discontinues this practice and that it repays \$35,630.16 for the over charges, not consumption, during that time. (Exhibit 3 Summary of Over Charges)
