Dear Ohio Power Sitting Board,

I write to you to request that you consider allowing the South Branch Solar Farm in the County. I work as an electrician and a member of IBEW Loc 8. This means more than just clean energy. Myself and my fellow elctricians rely on big projects like this for work. It's benefits will last long after the project is built. This is a wise investment in our workforce. Thank you for your time and consideration.

Sincerely, Stephen Hardie

Project Name: South Branch

I am writing as a concerned member of IBEW in Hancock County who supports building the South Branch solar farm project. Our County has a chance to create jobs, and see large investments made in our community by a private company. This opportunity does not come in front of us every day and we should do everything we can to take advantage of it. Please support the construction of South Branch solar farm.

Sincerely

Jay Reffner

Dear Ohio Power Sitting Board,

Solar Farms are the future of our country. That is not just because it's clean energy, but because the need for jobs like mine to build and maintain them. I am a member of IBEW Local 8 in Hancock County. This local job will keep myself and my friends here for work. That is huge for us because we no longer have to travel. This project could make our lives better. I ask you to consider this project.

Case # 21-0669-EL-BGN South Branch Solar

Dear Ohio Power Sitting Board,

I am a member of IBEW Loc 8. I have lived in the community my entire life. I would like you to consider the South Branch Solar Farm because of the long-term effects. Economically it brings in money for

roads and schools for decades. Job wise it brings local jobs for myself and people like me for at least a generation. This is a huge investment for our community. I request your support and thank you for your time

Sincerely, Dave Thomas

I support South branch solar farm. Leeward has proven to be a positive addition to our community. This project will generate a large amount of clean energy as well as provide jobs for more than 400 people in our community. That's without even mentioning the millions of dollars in tax revenue this project will create. Providing clean energy right here in Hancock county is enough for my support. Please support South Branch solar farm.
