Dear Power Siting board,
Recently members of IBEW 8 have been sending in letters of support for South Branch solar claiming that it will bring good clean energy to our community. It will not. The energy will go to Fostoria and then be sold on the grid. Our community will not get any of the energy produced. Why do people from another community think this is so good for us, when our community does not want this. Our village, township, and fire department are not in support of this project. Please vote against this project. OUR COMMUNITY DOES NOT WANT THIS. Thank you.
Rachelle
