I OPPOSE ALL SOLAR IN HIGHLAND /CLINTON COUNTY! I am 2 be surrounded on 3 sides and I protest. Not wanting to advertise a home for sale in max mad land. also the times and problems our world is facing ,this is not the time to take the green god given earth for homes , wildlife and food to destroy!. why encourage slave labor camps to build something that is not 100%.and causes pollution. My biggest concern is land for food and clean water. . Who knows what the future holds? mandated stay at home, or international shut down? what a waste of time money and space at this time when so much other uncertainty more important to our surviving! If you believe in God read his words. there will come a day he will darken the sun and set darkness on your land. . will solar help then.? Don"t agree with the SE&EN. I don"t desire to live in a green soylent world..
