**Re: Guernsey Power Station, LLC,
OPSB Case No. 16-2443-EL-BGN**

Dear Ms. Troupe:

The October 5, 2017, Opinion, Order, and Certificate (“Certificate”) approving Guernsey Power Station, LLC (“GPS”) Certificate of Environmental Compatibility and Public Need to Construct the Guernsey Power Station approved the Stipulation which set forth a set of conditions as part of the Certificate.

Within this set of conditions, Condition No. 6 requires that prior to construction activities in areas that require permits or authorizations, GPS shall obtain and comply with all applicable permits and authorizations. On September 2, 2021, the Ohio Environmental Protection Agency issued GPS a revised Air Pollution Permit-to-Install. In compliance with Condition No. 6, GPS submitted a copy of the revised permit to OPSB Staff on September 21, 2021.

If you have any questions please do not hesitate to contact me.

Sincerely,

Dylan F. Borchers
