RE: Account No. – 18190622, Case No.'s – OH3225014775C and OH 3225014775D

Ms. Cheryl Streets,

I have written and faxed 5-6 times in regards to these to cases in reference. I have requested each time to have a conference to discuss the charges. In those letters I am requesting to speak because of the government's failure of not properly educating of these laws. On top of that I want to also this stop was made within the state of Ohio and I am from the state of Ohio. There is not legalities of driving the way I was within state lines. Upon speaking with him and learning of these I cancelled and returned the trailer I was towing to keep from making any violations since I was only just informed of these laws for the vehicle.

I have PAID these violations against my will because they were turned into collections and are very painful to my business by having collections show on my business when I have been paying my bills and trying to build up my credit for my still new business.

I would like to get these funds, with interest and collections fees returned. Can you please get me in touch with whomever can make that happen?

Sincerely,
