Subject: Support clean energy in Clinton and Highland Counties

Members of the OPSB,

Solar energy is the energy of the future and I want Ohio to be a leader in solar. Solar projects will bring benefits to my county and my community, including increased funding and more jobs, and the OPSB should support solar energy in Clinton and Highland Counties. With climate change continuing to be a threat that will need to be managed in our lifetime, investing in green energy would be helpful in reducing emissions.

Sincerely,
Ricardo Nevarez Jr
