**Subject:** I support solar in Southwest Ohio

Members of the OPSB,

I urge the OPSB to approve more solar projects in Ohio. Solar projects bring many benefits to the communities they are built-in including monetary investments in schools, businesses, and infrastructure. They also help protect future generations by protecting the environment. Please bring more solar energy to our communities.

Also, it's THEIR land. They can build what they want on it.

Sincerely,  
Cody Mathews
