## BEFORE THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Complaint of Som R. Soni, dba AdTech Systems Research, Inc.,	)	
Complainant,	)	Case No. 21-341-EL-CSS
v.	)	
Eligo Energy OH, LLC,	)	
Respondent.	)	

DIRECT TESTIMONY OF SARA J. ERFANI ON BEHALF OF ELIGO ENERGY OH, LLC

1		DIRECT TESTIMONY OF
2		SARA J. ERFANI
3	I.	INTRODUCTION
4	Q1.	Please state your name and business address.
5	A.	My name is Sara J. Erfani and my business address is 201 W. Lake St., Ste. 151, Chicago,
6		Illinois 60606.
7	Q2.	On whose behalf are you submitting this testimony?
8	A.	I am submitting this testimony on behalf of Eligo Energy OH, LLC ("Eligo"). Eligo is an
9		electric services company as defined in R.C. 4928.01 and is certified to provide competitive
10		retail electric service pursuant to R.C. 4928.08 and the Public Utilities Commission of
11		Ohio's ("Commission") November 4, 2020 Entry in Case No. 12-2571-EL-CRS. Eligo is
12		operating under Certificate No. 12-578 effective November 2, 2020, with an expiration
13		date of November 2, 2022.
14	Q3.	What is your role with respect to Eligo?
15	A.	I am Corporate & Compliance Counsel for Eligo Energy LLC and its subsidiaries,
16		including Eligo.
17	Q4.	Please describe your educational background.
18	A.	I graduated from Transylvania University in Lexington, Kentucky with a Bachelor of Arts
19		degree in Economics and Business Administration. I earned a Master's in Business
20		Administration degree from the University of Kentucky Gatton College of Business and
21		Economics in Lexington, Kentucky. Lastly, I earned a juris doctor degree from DePaul
22		University College of Law in Chicago, Illinois.

- Q5. Please describe your professional experience.
- 2 A. In 2016 and 2017, I clerked at law firms in Chicago, Illinois. In 2017, I began working as
- 3 Legal and Compliance Analyst for Eligo Energy LLC and its subsidiaries. In 2018, I was
- 4 promoted to my current role as Corporate and Compliance Counsel.
- 5 Q6. What are your present duties and responsibilities as Corporate and Compliance
- 6 Counsel?

- 7 A. In my current role, I am responsible for various legal and regulatory matters, including
- 8 monitoring, developing, and implementing Eligo's practices and procedures to ensure
- 9 compliance with applicable laws and regulations in various states. In addition, I oversee,
- respond to, and settle consumer complaints with Eligo Energy LLC and its subsidiaries,
- including those submitted to regulatory agencies, such as the Commission.
- 12 Q7. Have you previously testified before any state regulatory commission?
- 13 A. No. I have not previously testified before the Commission or any other state regulatory
- commission.
- 15 **Q8.** What is the purpose of your testimony?
- 16 A. My testimony explains the customer account history of AdTech Systems Research, Inc.
- 17 ("Complainant") with Eligo for the provision of competitive retail electric service.
- 18 Complainant is a commercial customer in Dayton Power & Light Company's (now AES
- Ohio) service territory with three commercial accounts (the "Premises"). My testimony
- also explains the interactions that Eligo, including those I had with the Complainant, and
- 21 more specifically, with the owner, Mr. Soni. My testimony concludes that, in my
- regulatory experience, Eligo complied with Ohio Adm. Code Chapter 4901, the applicable

rules, regulations, and orders of the Commission, and applicable utility tariffs at all times when supplying competitive retail electric service to Complainant from September 22, 2017 through March 23, 2021. Further, as Eligo Energy LLC's compliance counsel and complaint and regulatory specialist, and in my regulatory opinion, I did not identify any noncompliance on behalf of Eligo and aver that consistent with the Commission's rules, Eligo properly notified Complainant of its contract expiration and properly billed Complainant for retail electric service during the applicable time period.

## 8 Q9. What exhibits are you sponsoring in this proceeding?

- 9 A. I am sponsoring the following exhibits, which are attached to my testimony:
- Exhibit A Complainant's Service Agreement titled "Commercial Electric Supply
   Terms of Service Agreement"
  - Exhibit B Expiration Notice Bill Messages
- Exhibit C Rate History

1

2

3

4

5

6

7

12

- Exhibit D Complainant's Admissions
- Exhibit E Complainant's Sample Utility Bill

## 16 Q10. What information have you reviewed to prepare your testimony?

17 A. I have reviewed the Complaint, all other filings, and Complainant's documents and
18 discovery responses filed or provided in Case No. 21-341-EL-CSS. I have also reviewed
19 Complainant's account history for the Premises, as documented in Eligo's customer
20 information systems. In preparing my testimony, I was also able to review some of the bills

rendered to Complainant from his utility AES Ohio, between September 22, 2017 and
March 23, 2021 for each of the Premises.<sup>1</sup>

## Q11. What is your understanding of the dispute giving rise to the Complaint?

A. Complainant alleges that, notwithstanding receiving proper notice via bill message of the fixed rate contract expiring, Eligo charged the Premises a variable rate, which was purportedly improper. Complainant alleged that it is, therefore, owed a refund in the amount of \$8,829.00. Complainant further claims that it is owed the aforementioned refund because the Complainant's owner, Mr. Soni, did not personally receive notice of the contract expiration, and he did not have access to his utility billing statements as he was out of town due to medical reasons and the ongoing COVID-19 pandemic.

## II. <u>ELIGO ACCOUNTS AND RECORDS</u>

## Q12. Do you have knowledge of the history of Complainant's accounts with Eligo?

A. Yes. I am familiar with Complainant's accounts and records pertaining to the Premises.

All such information is documented or recorded at, or near, the time of occurrence, by a person with knowledge, or from information transmitted by a person with knowledge, and all such information is recorded and maintained in the course of Eligo's regularly conducted business activity. In my regulatory experience, these practices are consistent with the Commission's rules and Ohio law. I also have personal recollection of my dealings and direct communications with Complainant.

<sup>&</sup>lt;sup>1</sup> Complainant only provided bills rendered to Complainant after his fixed rate contract expired on August 22, 2020.

## 1 III. ACCOUNT HISTORY

2	Q13.	When did	Complainant	enroll	with	Eligo
_	~-··	TITLE GIG	Compianion		* * * * * * * *	

- 3 A. Complainant authorized the switch of its competitive retail electric service for its three
- 4 commercial accounts by agreeing to Eligo's commercial terms of service agreement for
- 5 electric supply via e-sign on July 7, 2017. See Exhibit A for a true and accurate copy of
- 6 the signed agreement as admitted by Complainant.<sup>2</sup>
- 7 Q14. When did Complainant begin receiving a competitive retail electric service from
- 8 Eligo?
- 9 A. Complainant's electric service at the Premises began with Eligo on September 22, 2017
- and continued until March 23, 2021.
- 11 Q15. During what period of time was Complainant receiving service under a fixed rate?
- 12 A. Complainant received a fixed rate for competitive retail electric service from September
- 13 22, 2017 through approximately September 22, 2020.
- 14 Q16. Why did Eligo transition Complainant to a variable rate?
- 15 A. Complainant was transitioned to a variable rate because its fixed rate plan expired August
- 22, 2020, and Complainant did not take action to renew its fixed rate plan or sign up for a
- 17 new fixed rate plan.

18

19

<sup>&</sup>lt;sup>2</sup> See Exhibit D for Complainant's admissions.

## Q17. During what period of time was Complainant transitioned to a variable rate?

- A. Pursuant to the terms of Complainant's fixed rate plan and contract,<sup>3</sup> upon the expiration of the fixed rate plan, Complainant was to be transitioned to a variable rate. Thus, Complainant was transitioned to a variable rate on or about September 22, 2020 and it continued to be billed at a variable rate until service with Eligo was terminated by the
- 6 Complainant on March 23, 2021.

## Q18. Did Eligo notify Complainant of its fixed rate plan's expiration in accordance with Ohio Administrative Code 4901:1-21-11(G)?

9 A. Yes. Eligo notified Complainant of its fixed rate plan's expiration via bill message on its 10 bills dated March 23, 2020, May 20, 2020, June 24, 2020, and July 21, 2020, which covered 11 the service periods of February 20, 2020 to March 23, 2020, March 23, 2020 to May 20, 12 2020, May 20, 2020 to June 22, 2020, and June 22, 2020 to July 21, 2020, respectively. The notice displayed on Complainant's utility bills for the Premises stated: "Fixed Rate 13 14 Expiration Date: 08/22/20. Absent renewal, you may pay variable prices, subject to change monthly without limit." See Exhibit B for true and accurate screenshots of the electronic 15 16 data interchange ("EDI") files sent to AES Ohio, Complainant's applicable distribution 17 utility, containing the bill messages

18

1

19 .

<sup>&</sup>lt;sup>3</sup> See Exhibit A.

- Q19. Did Eligo use any methods in addition to bill messages to communicate to Complainant that the fixed rate plan and its fixed rate would expire absent renewal or cancellation?
- 4 A. Yes. On July 8, 2017, Eligo mailed a "welcome packet" to Complainant, which clearly set forth all terms and conditions of the Commercial Electric Supply Terms of Service Agreement, including the August 22, 2020 fixed rate expiration date. Complainant admitted that he had received the welcome packet and reviewed the terms and conditions of the agreement included therein.<sup>4</sup>

## 9 Q20. Did Complainant renew its fixed rate contract at any point?

- 10 A. No. However, on February 4, 2021, Complainant entered into another fixed rate contract
  11 with Eligo at a price of \$0.04773 per kWh for a 36-month fixed rate term for the Premises.
  12 Moreover, on February 11, 2021, Complainant called Eligo to cancel its competitive retail
  13 electric service with Eligo for the Premises -- rescinding the newly-entered into service
  14 agreement for a fixed rate plan. Complainant's service with Eligo terminated on March 23,
  15 2021.
  - Q21. Was Complainant charged any penalties or fees for canceling its February 4, 2021 service agreement?
- 18 A. No, Eligo did not assess any Early Termination Fees against Complainant for the rescission
   of the February 4, 2021 service agreement.

16

17

20

<sup>&</sup>lt;sup>4</sup> See Exhibit D.

## Q22. Did Complainant contact Eligo to switch providers prior to February 11, 2021?

- 2 A. No. In my capacity as compliance counsel, I searched Eligo's records, and there is no
- 3 record of the Complainant contacting Eligo for any reason, including cancellation, prior to
- 4 February 3, 2021 through any of the available methods of communication since his initial
- 5 enrollment in 2017.
- 6 Q23. Are you aware of any error in the rates charged by Eligo to Complainant for
- 7 competitive retail electric service for the period of September 22, 2017 through March
- 8 23, 2021?

1

9 No, I am not aware of any errors on Complainant's accounts. Upon receiving a call from A. 10 Complainant and, again, after receiving this subsequent complaint, Eligo reviewed the 11 accounts and has not identified any errors in the rates charged to Complainant by Eligo for 12 the period that Complainant received service from Eligo, September 22, 2017 through 13 March 23, 2021. Upon review of the research and data, it is my expert opinion that 14 Complainant was properly charged a fixed rate of \$0.04835 per kWh for 36 months per the 15 terms of the service agreement between Complainant and Eligo. Specifically, Complainant 16 received a fixed rate of \$0.04835 per kWh from September 22, 2017 through approximately 17 September 22, 2020. Thereafter, Complainant was charged a variable rate pursuant to the 18 terms of the service agreement until Complainant's service terminated with Eligo on March 19 23, 2021 at the request of the Complainant. See Exhibit C for a true and accurate rate

20

19

20

21

22

23

A.

Complainant agreed to a fixed rate of \$0.04773 per kWh for a 36-month term for the Premises. Per Section III of the Terms of Service Agreement signed by Complainant, if Complainant fails to act before or after the expiration of the service agreement term, Eligo would "continue to serve such account(s) on a month-to-month holdover basis (each, a 'Holdover Term')...." Moreover, "[t]he price payable during any Holdover Term shall be based on a variable rate, and may change monthly due to current and predicted weather patterns, retail competition, wholesale commodity energy costs, fluctuations in energy supply and demand, industry regulations, pricing strategies, costs to serve customers, among many factors. Unlike a fixed price, there is no limit on how much a variable price may change from one billing cycle to the next billing cycle. Variable rate agreements will automatically renew on a month-to month basis and can be cancelled at any time by either party without any early termination fee. This Agreement shall continue to govern the provision of service during any Holdover Term. During a Holdover Term, Eligo may at any time move any account(s) to an Alternative Service without penalty or prejudice." Clearly, Eligo's service agreement explained what would happen at the end of the fixed rate term if Complainant did not take any action to renew its fixed rate plan or switch competitive retail electric suppliers. Eligo also disclosed the factors that cause a variable rate to fluctuate as required by Ohio Adm. Code 4901:1-21-05.

#### Q25. What is a fixed rate with regard to the provision of competitive retail electric service?

A. In my regulatory experience and consistent with the Commission's rules, a fixed rate for the provision of competitive retail electric service allows a customer to lock in a rate for electric supply for a certain period of time. Based on my regulatory experience, there are advantages and disadvantages to a fixed rate. Choosing a fixed rate plan allows a customer to know the exact cost of electricity supply. This protects the customer from unexpected increases in electricity costs, and the rate remains fixed for the time period regardless of what happens to the price of electricity in the competitive market.

## **Q26.** What is a variable electric supply rate?

A. In my regulatory experience and consistent with the Commission's rules, a variable rate for electricity supply can change periodically based on the electricity supply and relevant energy markets as well as other factors such as current and predicted weather patterns, retail competition, wholesale commodity energy costs, fluctuations in energy supply and demand, industry regulations, pricing strategies, costs to serve customers. Based on my regulatory experience, there are advantages and disadvantages to a variable rate. For example, a customer may benefit if the cost of electricity supply decreases, but the customer may pay more if the cost of electricity supply increases. Unlike a fixed rate contract, a customer may leave a variable rate contract at any time without penalties or termination fees.

### Q27. Are you aware if the Commission permits suppliers to charge variable rates?

21 A. Yes, it is my understanding, through my regulatory experience as Eligo's compliance 22 counsel, that the Commission authorizes competitive retail electric suppliers to offer this type of "fixed-to-variable" contract structure and charge the applicable rates. More specifically, Ohio Adm. Code 4901:1-21-11(F)(2) contemplates such a structure, subject to the supplier providing a specific type of notice prior to the fixed rate expiration for residential and small commercial customers.

## V. <u>FACTS AND COMMUNICATIONS SURROUNDING COMPLAINT</u>

1

2

3

4

5

19

20

6 While Complainant was receiving competitive retail electric service from Eligo, what **Q28.** 7 methods of communication were available to Complainant for Complainant to contact Eligo regarding the cancellation of its service or renewal of its fixed rate plan? 8 9 Complainant was able to contact Eligo through several methods: i) via telephone by calling A. 10 Eligo's customer service line toll-free at 888-744-8125; ii) via facsimile by faxing Eligo's 11 customer service line at 312-489-8462; iii) via electronic correspondence by emailing 12 either Eligo's customer service or sales departments at either 13 customerservice@eligoenergy.com or commercialsales@eligoenergy.com, respectively; 14 and iv) via written correspondence by mailing Eligo at 201 W. Lake St., Ste. 151, Chicago, 15 Illinois 60606. Eligo's contact information and various methods of communication are 16 readily available in the welcome packet that Complainant received and reviewed following his enrollment,<sup>5</sup> on the Complainant's utility bill under the section titled, "Supply 17 Charges," and/or online at www.eligoenergy.com. Additionally, Complainant could have 18

indirectly contacted Eligo by requesting cancellation through its utility, AES Ohio.

<sup>&</sup>lt;sup>5</sup> See Exhibit D (Complainant admitting that it received and its owner reviewed the welcome packet containing this information).

<sup>&</sup>lt;sup>6</sup> See Exhibit E (Complainant's account numbers have been redacted).

- 1 Q29. When did Complainant first contact Eligo regarding the expiration of its fixed rate
- 2 plan service agreement or the variable charges that Complainant was receiving for
- 3 its competitive retail electric service?
- 4 A. According to Eligo's business records, Complainant first contacted Eligo on February 3,
- 5 2021 by calling our customer service department. From the company's business records,
- 6 the owner of the Complainant, Mr. Soni, called to complain about the rates being charged
- for competitive retail electric service at the Premises and stated that he did not receive the
- 8 bill message reminders of the Complainant's fixed rate plan expiring due to Mr. Soni being
- 9 out of town. On the same day and on multiple occasions thereafter, Eligo's billing team
- and an Eligo customer service supervisor reviewed the accounts and offered to Mr. Soni a
- \$500.00 one-time courtesy credit to be applied to the Complainant's accounts.

## 12 Q30. Did Complainant accept any courtesy credit from Eligo?

- 13 A. No. Mr. Soni, on behalf of Complainant, declined the courtesy credit offered to him on
- 14 February 3, 2021 and stated that he would file a complaint against Eligo with the
- 15 Commission.

16

20

### Q31. Did Complainant file a complaint against Eligo with the Commission?

- 17 A. Yes. I learned from Commission Staff that Complainant filed an informal complaint with
- the Commission on February 16, 2021. Eligo cooperated with the Commission Staff with
- 19 the informal investigation.

- 1 Q32. Were there any other communications between Eligo and Complainant after the
- February 3, 2021 Telephone Call and the filing of the informal complaint with the
- 3 Commission?
- 4 A. Yes. Mr. Soni, on behalf of Complainant, contacted Eligo on several occasions to discuss
- 5 the accounts and requested a full refund or re-rate of the accounts for any variable charges
- 6 assessed to the three accounts.
- 7 The first contact with me was made on March 3, 2021. I offered Mr. Soni, on behalf of
- 8 Complainant, a one-time \$500.00 courtesy credit to be applied to the accounts, but Mr.
- 9 Soni declined. Also as a courtesy and as the regulatory expert and compliance specialist,
- I agreed to further investigate the matter and determine if a higher credit was warranted.
- On March 9, 2021, Mr. Soni, on behalf of Complainant, called me to request the status of
- my own investigation, and I advised Mr. Soni that the matter was still under investigation.
- On March 12, 2021, Mr. Soni, on behalf of Complainant, called me again requesting
- another status update. I advised Mr. Soni that based on my investigation of the facts of the
- case, no additional credit (above the \$500.00 previously offered) was warranted, and thus,
- no additional credit would be offered by Eligo. I advised Mr. Soni that the courtesy credit
- was offered in good faith to resolve the matter and was in part due to the difficulties that
- he, as Complainant's owner, purportedly faced in the midst of the COVID-19 pandemic.
- Mr. Soni rejected the courtesy credit and became very belligerent. Mr. Soni began to
- verbally harass me with degrading and foul language. Despite this experience and enduring
- Mr. Soni's verbal abuse, I gave Mr. Soni, on behalf of Complainant, another chance to
- accept the \$500.00 courtesy credit, and Mr. Soni again rejected the courtesy credit. Mr.
- Soni also stated to me that he did not need the money and was not looking for charity. I

thanked Mr. Soni for his time and terminated the call, while he continued to be verbally abusive.

Mr. Soni, on behalf of Complainant, attempted to contact me several times on or around March 15, 2021. I allowed the calls to go to voice mail in an effort to avoid further verbal abuse from Mr. Soni. After contacting the Commission on March 16, 2021 to confirm that the informal complaint filed by Complainant against Eligo on February 16, 2021 was closed in favor of Eligo, subject to formal review, I reached out to Complainant in good faith on March 23, 2021 and again offered a \$500.00 courtesy credit. Mr. Soni, on behalf of Complainant, returned my call approximately an hour later that same day. I explained that although the informal complaint had been investigated by the Commission and closed, Complainant had the right to file a formal complaint with the Commission. I once again offered Complainant the one-time \$500.00 courtesy credit, and Mr. Soni again refused the credit as he repeated profanities at me. I then terminated the call.

## VI. <u>COMPLIANCE</u>

- 15 Q33. Based upon your regulatory and compliance expertise, from your understanding of 16 the facts of the case, Complainant's account history, and applicable rules and 17 regulations, did Eligo comply with all applicable rules and regulations while 18 providing competitive retail electric service to Complainant?
- 19 A. Yes. Based on my experience and from my understanding of the facts of this complaint
  20 case, Complainant's account history, Complainant's responses to discovery requests, and
  21 relevant regulatory requirements, I am not aware of an instance where Eligo acted in non22 compliance with the Commission's rules. In my expert opinion, I do not believe that any
  23 refund or rerate for service provided while Complainant was a customer of Eligo is required

or warranted. In summary: i) Eligo and Complainant properly entered into a fixed rate service agreement with Complainant to provide Complainant with competitive retail electric service; ii) Eligo properly charged Complainant the agreed upon fixed rate for the agreed upon term; iii) Eligo properly notified Complainant of the impending fixed rate expiration and conversion to a variable rate if no action was taken via bill message on numerous bills prior to being transitioned to a variable rate; iv) Complainant regularly paid Eligo's charges for services rendered from September 22, 2017 to March 23, 2021; and v) upon the expiration of the fixed rate service agreement, Eligo properly transitioned Complainant to a variable rate and charged Complainant the applicable variable rates as disclosed in the terms of service agreement reviewed and signed by Complainant.

## VII. <u>COMPLAINANT'S PROPOSED RERATE CALCULATIONS</u>

- 12 Q34. Have you reviewed the proposed rerate calculations sought by the Complainant in its
- **Complaint?**

- 14 A. Yes, I have. To arrive at Complainant's requested relief, Complainant simply applied its
  15 initial fixed rate of \$0.04835 per kWh to Complainant's usage for the months after the 3616 month fixed rate term expired and compared that amount to its actual bill to arrive at the
  17 difference, which Complainant is calling the rerate amount.
  - Q35. Do you agree with the rerate calculations proposed by Complainant in its Complaint?
- A. No. It is unrealistic and impractical to apply a fixed rate that was calculated and hedged for a specific 36-month period to any successive terms. Many factors in the energy market and Complainant's own historical usage have changed since that rate was offered to Complainant in 2017. If a rerate is owed to Complainant for the months after the 36-month

- fixed rate term expired when Complainant was taking service pursuant to a variable rate

  (which it is not), it would be inappropriate to apply the initial fixed rate for the initial

  service agreement term to calculate the difference in charges. Additionally, Complainant

  failed to take into consideration any usage adjustments provided by its utility, AES Ohio,

  during the time the customer took service from Eligo.
- Q36. If Complainant was owed a rerate for the months after the 36-month fixed rate term expired (which it is not), what rate should be applied to calculate the difference in charges?
- 9 A. While Eligo believes that it applied the appropriate variable rate authorized pursuant to its 10 service agreement, the alternative rate to apply is the commercial price-to-compare rate. 11 The price-to-compare rate is a rate that Complainant may have been charged had it not 12 chosen another supplier and returned to its utility to be served by its utility, AES Ohio, for 13 the supply portion of its bill. The commercial price-to-compare rate would be applicable 14 for all three accounts because Eligo served the Premises collectively under a commercial 15 terms of service agreement and Complainant received commercial rates and services for 16 all three accounts.

## VIII. <u>CONCLUSION</u>

- 18 Q37. Does this conclude your prepared direct testimony?
- 19 A. Yes.

## **CERTIFICATE OF SERVICE**

The Public Utilities Commission of Ohio's e-filing system will electronically serve notice of the filing of this document on the parties referenced on the service list of the docket card who have electronically subscribed to the case. In addition, the undersigned hereby certifies that a copy of the foregoing document also is being served via electronic mail on October 20, 2021 upon the parties listed below.

## **EXHIBIT A**

Dear Som Soni,

Welcome to Eligo Energy! This welcome packet will give you additional details as you join the many who have taken a smarter approach to energy.

#### Next steps include:

- 1. Eligo Energy has counter-signed the agreement and is including a copy for your records.
- 2. Energy Supply Service has or will begin shortly after the start date as indicated in your agreement.
- 3. DPL will send a monthly bill with their charges for delivery and Eligo Energy's charges for supply.

As your local utility, DPL will still read your meter, handle any power outages or emergency services, and continue to send you your bill, just like they always have. DPL will also be sending you a letter to confirm your switch to Eligo Energy.

Enclosed for your records is a copy of the terms and conditions of your agreement with Eligo Energy. For your convenience we have summarized key details of your agreement below:

Customer Name AdTech Systems Research Inc

Effective Rate: \$0.04835/kwh
Length of Contract 36 months
Customer Service 888.327.1210

Phone 888-327-1210

Customer Service Email commercialsales@eligoenergy.com

If you have any questions regarding your energy bill or contract, please contact customer service at the information listed above.

For each location, term shall start after the first applicable meter read cycle after August 22,2017.

#### Electric Service Agreement Commercial and Industrial Customer General Terms and Conditions

This Electric Service Agreement (this "Agreement") is dated July 6, 2017 and made between Eligo Energy, LLC or its subsidiaries ("Eligo") of 201 W. Lake St., Ste 151, Chicago, IL 60606 and AdTech Systems Research Inc (Customer Name) of 1342 N Fairfield Rd Beavercreek OH 45432 (ADDRESS) ("Customer") (each referred to individually as a "Party" and collectively as the "Parties").

#### I. ENERGY SERVICES

As stated in the executed Commercial Pricing Quote ("Attachment 1" or "Pricing Quote", incorporated herein by reference), Eligo shall, from the relevant Enrollment Start Date (with the next available meter reading) and during the relevant Term, supply and deliver to Customer the retail energy requirements ("Retail Energy") of Customer's service location(s) (seach, a "Point of Service Location"). The Retail Energy is delivered to the distribution system's interconnection point (seach, a "Delivery Point") of the relevant electricity distribution company ("Utility" or "EDU"), and the relevant utility is responsible for delivery of the Retail Energy to Customer's meter at and from that point. Customer designates Eligo as an authorized recipient of Customer's account, billing and usage information. Customer consents to the disciosure by each Utility to Eligo of certain basic information about Customer including: account number, meter number, meter read data, rate class, billing and payment information, account name, service address, billing and telephone number. The energy price in the Pricing Quote is based upon Customer's historical load data and applies to all Retail Energy covered under the Pricing Quote and Agreement and includes charges for the energy supply rate and scheduling and load for ecasting associated with the delivery of the Retail Energy. Customer's specific energy cost depends upon the product selected in the Pricing Quote and the applicable product description.

Fixed All Inclusive Price ("Price"): The Price per kWh for the Fixed All Inclusive Product shall be set forth on the Pricing Quote and includes applicable costs for energy procured; distribution losses; all applicable costs for ancillary services; capacity costs (as mandated or modified by PJM or applicable ISO and approved by FERC); renewable compliance charges; miscellaneous charges (i.e., RMR cost, congestion, customer service). The Fixed All Inclusive Price does not include additional charges, which are the responsibility of Customer, including, but not limited to the Network Integrated Transmission Service ("NITS") costs and Regional Transmission Expansion Planning ("RTEP"), which are passed through and may be charged by the Utility; charges for services under Utilitys applicable delivery service tariffs and riders; facilities charges; taxes (either billed for by the Utility or customer self-assessed) and other Utility charges, including but not limited to fuel, environmental, or decommissioning charges, as may be applicable from time to time, as well as any other charges, not specifically mentioned herein or created after the Effective Date of this Agreement.

#### **II. BILLING AND PAYMENT**

- 1. General Billing and Payment Terms: Eligo shall provide monthly invoices, either through utility consolidated billing ("UCB"), supplier consolidated billing ("SCB") or a Dual Billing Option ("DBO") at its discretion. Eligo may estimate bills in cases where actual billing determinants are unavailable, and estimated bills shall be adjusted as soon as reasonably practicable. Customer shall pay all amounts owing within terms specified in Attachment 1. Late payments shall incur interest charges at a rate of interest equal to a per annum rate of eighteen percent (18%) or the maximum allowed under applicable law, whichever is less. In any instance where any payment to Eligo is declined by the issuing institution, Customer shall be assessed a charge of \$45 or the maximum allowed under applicable law (whichever is less) per declined payment. Customer shall be liable for all costs incurred by Eligo, including attorneys' fees, for collections on accounts greater than thirty (30) calendar days past due.
- including attorneys' fees, for collections on accounts greater than thirty (30) calendar days past due.

  2. <u>Disputes and Adjustments of Invoices</u>: Customer may dispute, in good faith and in writing, the correctness of any invoice. In the event that an invoice or portion thereof is disputed, payment of the undisputed portion of the invoice shall be made within normal terms, with notice of the dispute given to Eligo in writing and stating the amount and basis for the dispute. Upon resolution of the dispute, any required payment shall be made within five (5) business days of such resolution.
- business days of such resolution.

  3. Paperless Invoicing: Eligo's paperless invoice in lieu of e-mail, then Customer shall notify Eligo of their decision. Unless otherwise specified by Customer, Customer will receive a paper invoice in lieu of e-mail, then Customer shall notify Eligo of their decision. Unless otherwise specified by Customer, Customer will receive their monthly invoice via electronic mail ("e-mail") rather than in paper format. If Customer selected monthly invoice delivery via email, Customer is hereby notified that receiving monthly invoices via e-mail does not automatically withdraw money from Customer's bank account in order to satisfy the amount due to Eligo.
- 4. Payments: Although the default method of payment shall be through the Automated Clearing House ("ACH") Recurring Payment Authorization attached herein or provided separately at Customer's request, Customer may also pay invoices by check. No processing fee shall be assessed by Eligo when using ACH recurring payments. For credit card payments, Eligo shall assess a processing fee of three percent (3%) of the invoiced amount or the maximum allowed under applicable law, whichever is less.

#### III. EXTENSION / RENEWAL OF AGREEMENT

Not less than six (6) months after the start of the then current Term, Customer may inquire into the possibility of extending the Agreement past the original Term at the same or lower rate than in the present Agreement. To the extent possible, Eligo, at its sole discretion and based on then existing market conditions, may provide Customer with an opportunity to blend-and-extend the present Agreement.

Between 45 and 90 calendar days prior to the anticipated expiration date of the then current relevant Term, Eligo may provide an expiration notice electronically or otherwise in writing containing proposed terms and conditions. If, following termination or expiration of this Agreement and Customer's failure to accept proposed agreement terms, any of Customer's accounts remain designated by any Utility as being served by Eligo, then Eligo may either (a) continue to serve such account(s) on a month-to-month holdover basis (each, a "Holdover Term") or (b) move such account(s) to the then applicable tariff service, whether default service or otherwise, or to another authorized provider of electricity required to serve as the "provider of last resort" (any of the foregoing is an "Alternative Service"). The price payable during any Holdover Term shall be based on a variable rate, and may change monthly due to current and predicted weather patterns, retail competition, wholesale commodity energy costs, fluctuations in energy supply and demand, industry regulations, pricing strategies, costs to serve customers, among many factors. Unlike a fixed price, there is no limit on how much a variable price may change from one billing cycle to the next billing cycle. Variable rate agreements will automatically renew on a month-to month basis and can be cancelled at any time by either party without any early emination fee. This Agreement shall continue to govern the provision of service during any Holdover Term. During a Holdover Term, Eligo may at any time move any account(s) to an Alternative Service without penalty or prejudice.

#### IV. CREDIT

All electric service offers are subject to credit approval and shall not become a final offer until Eligo has approved the creditworthiness of Customer. Customer represents that there is no bankruptcy, insolvency, reorganization, receivership, administration or other similar proceeding pending or being contemplated by it or, to its knowledge, threatened against it. Customer agrees to provide commercially reasonable credit information upon request. Should the creditworthiness or financial responsibility of Customer become unsatisfactory to Eligo at any time during the Term, as determined by Eligo in its commercially reasonable discretion, Eligo may request additional financial statements in accordance with the previous sentence, and in addition thereto, require satisfactory security, including, but not limited to, a parental guaranty, escrow account, bond, deposit, prepayment, or letter of credit, be provided by Customer. Upon receipt of such request from Eligo, Customer shall have five (5) business days to provide the requested adequate security to Eligo. For the avoidance of doubt, Eligo shall in no circumstances be required to provide security or any other form of adequate assurance to Customer. Eligo is prohibited from disclosing the Customer's social security number or account number.

#### V. POINT OF SERVICE LOCATION CLOSURE

Customer shall provide Eligo at least sixty (60) calendar days prior written notice prior to removing any Point of Service Location from service hereunder as a result of ceasing operations, including, but not limited to, closing any Point of Service Location or the sale of any Point of Service Location to an unrelated third party, at such Point of Service Location. Customer shall also provide at least thirty (30) calendar days prior written notice if they foresee a 10% or more change in usage. Eligo, in its sole discretion, may reevaluate the terms of this Agreement and/or may terminate the Agreement if the change in monthly usage is greater than 10% from historical usage. Customer shall be responsible for payment of any actual damages incurred by Eligo, if any, relating to or arising from any such removal. Customer has a right to terminate this Agreement without penalty if the customer moves outside Eligo's service area or into an area where Eligo charges a different price. If Customer switches back to the Utility, Customer may not be served under the same rates, terms, and conditions.

#### VI. CONFIDENTIALITY

Both Parties agree that the terms and conditions of this Agreement shall remain confidential, except for any required disclosure to any regulatory body, governmental entity or agency having jurisdiction, or disclosure to accountants, attorneys, or other professionals acting on behalf of the disclosing Party.

#### VII. NOTICES

Attachment 1 / Pricing Quote contains the contact information for Eligo and Customer that will be used to provide any and all notices arising from this Agreement. Eligo may be reached at 888-744-8125 between 8 AM and 5 PM CST.

#### VIII. EVENTS OF DEFAULT

A. Definition: An "Event of Default" shall mean, with respect to the Customer to whom the following applies (the "Defaulting Party"), the occurrence of any of the following: (a) the failure of such Defaulting Party to make, when due, any payment required pursuant to this Agreement, if such failure is not remedied within 21 days after written notice and demand of payment (21 calendar days after the postmark date on the notice / demand for payment); (b) any representation or warranty made by such Defaulting Party herein being false or misleading in any material respect when made or ceases to remain true during any Term; (c) the failure of such Defaulting Party to perform any material covenant or obligation set forth in this Agreement and such failure is not remedied within five (5) business days after written notice; (d) Customer (i) files a petition or otherwise commences, authorizes or acquiesces in the commencement of a proceeding or

cause of action under any bankruptcy, insolvency, reorganization, receivership, administration or other similar law, or has any such petition filed or commenced against it, (iii) makes an assignment or any general arrangement for the benefit of creditors, (iiii) otherwise becomes bankrupt or insolvent (however evidenced), or (iv) has a liquidator, administrator, receiver, trustee, conservator or similar official appointed with respect to it or any substantial portion of its property or assets as part of bankruptcy proceeding or reorganization for the benefit of creditors; (e) the failure of Customer to provide security or otherwise satisfy the creditworthiness requirements under the "Credit" section of this Agreement; (f) Customer consolidates or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume all the obligations of Customer under this Agreement; or (g) Customer's failure to cooperate with Eligo as reasonably required in order for Eligo to perform its obligations under this Agreement.

B. Suspension; Early Termination; Liquidated Damages: If an Event of Default occurs, Eligo (the "Non-Defaulting Party") may, at its option and in its sole discretion, take any one or more of the following actions: (f) suspend its performance under this Agreement, and Customer shall pay to Eligo an Early Termination Fee in the amount stated below; (2) terminate this Agreement by sending written notice to the Defaulting Party providing the termination date for this Agreement (the "Early Termination Notice"), and Customer shall pay to Eligo an Early Termination Fee in the amount stated below; or (3) the Defaulting Party shall pay to the Non-Defaulting Party as liquidated damages a settlement amount (the "Settlement Amount") as follows: The Settlement Amount shall equal the greater of (f) Retail Margin, plus Supply Termination Costs, plus Enforcement Costs; or (2) an early termination fee that is equal to the remaining Agreement kWh multiplied by \$0.02/kWh; or (3) maximum allowed by law (capped at \$150 for "small commercial retail customers" in Illinois). As used herein, the following terms shall have the following meanings: "Enforcement Costs" means any attorneys' fees, expenses, and costs incurred by the Non-Defaulting Party in connection with enforcing its rights under this Agreement. "Remaining Performance" means the remaining performance, including kWhs, under this Agreement for the remainder of the relevant Term had it not been terminated early, based on historical usage. "Retail Margin" means the amount of Eligo's forecasted retail margin under this Agreement, determined based on the differential between wholesale and retail margin "means the amount of Eligo's forecasted retail margin under this Agreement, determined based on the differential between wholesale and retail margin endourned the time of this Agreement or any extension hereof, allocable to the Remaining Performance. "Supply Termination Costs" means any loss or cost that Eligo would incur in terminating or liquidating the portion of any supply con

#### IX. FORCE MAJEURE

"Force Majeure" shall mean an event which prevents the claiming party (the "Claiming Party") from performing its obligations and is not within the reasonable control of, or the result of the negligence of, the Claiming Party, such as, but not limited to, acts of God; fire; flood; terrorism; breach by the Utility, electric grid interruption; earthquake; war; riot; or requirements, actions or failure to act on the part of governmental authorities. The non-Claiming Party shall not be required to perform its obligations to the Claiming Party for the period of the Force Majeure. If the Force Majeure continues for a period in excess of thirty (30) calendar days (an "Extended Force Majeure Event"), the performing Party may terminate this Agreement by providing the other Party written notice of the early termination, without the termination for an Extended Force Majeure Event constituting an Event of Default.

#### X. RESCISSION

Once Customer has been enrolled to receive electric Generation Service from Eligo, Customer will receive a confirmation notice from Customer's EDU. A Small Commercial Customer has the right to rescind Customer's enrollment without penalty within seven calendar days following the postmark date of the confirmation letter by contacting Customer's EDU and following the instructions in the confirmation notice. Customer's right to rescind only applies when Customer initially switches to Eligo, not upon any renewal of this Agreement.

#### XI. GOVERNING LAW AND WAIVER OF JURY TRIAL

Small commercial customers have the right to make formal or informal complaints to the Public Utility Commission of Ohio ("PUCO"). This Agreement shall be interpreted under Ohio law.

#### XII. RELATIONSHIP OF PARTIES

Eligo is an independent contractor, and nothing in this Agreement establishes a joint venture, fiduciary relationship, partnership or other joint undertaking. Eligo is not acting as Customer's consultant or advisor, and Customer shall not rely on Eligo in evaluating the advantages or disadvantages of any specific product or service, predictions about future energy prices or any other matter.

#### XIII. CHANGES IN LAW OR REGULATION

In the event that any change in any statute, rule, regulation, order or other law, or procedure, tariff, rate class or other process or charge, promulgated by any governmental authority or Utility, independent Service Operator ("ISO"), Regional Transmission Operator ("RTO") or other regulated service provider, alters to the detriment of Eligo its costs to perform or its economic returns under this Agreement (a "Negative Change in Regulation"), Eligo may revise the pricing under this Agreement to eliminate the impact of such Negative Change in Regulation. Before any such price revision, Eligo shall provide 30 days written notice to Customer of the Negative Change in Regulation, the resulting price revisions, and the date upon which such revised pricing shall be effective. Customer may either agree to the proposed change and/or revised price described in such notice by giving affirmative consent, request to be placed on Utility default service, or request to have its service transferred to another energy supplier. Upon acceptance of the revised terms or price by Customer, all other terms and conditions of this Agreement shall remain in full force and effect.

#### XIV. SEVERABILITY

The various provisions of this Agreement are severable. Any provision or section of this Agreement declared or rendered void, unlawful, or otherwise unenforceable shall not otherwise affect the, residual, lawful obligations that arise under this Agreement.

#### XV. INDEMNITY

Eligo shall defend, indemnify, and hold Customer harmless against all claims and liabilities resulting from Eligo's negligence or breach of this Agreement and arising prior to the delivery of the Retail Energy to the relevant Delivery Point, except to the extent such claims and liabilities arise out of Customer's negligence or breach of this Agreement. Customer shall assume full responsibility for any damages or losses relating to the delivery of the Retail Energy at and after its delivery to the relevant Delivery Point and shall defend, indemnify, and hold Eligo harmless against all claims and liabilities arising at and after the delivery of the Retail Energy to the relevant Delivery Point, except to the extent such claims and liabilities arise out of Eligo's negligence or breach of this Agreement.

#### XVI. ASSIGNMENT

Customer may not assign this Agreement without Supplier's written consent. Customer hereby acknowledges and consents to Supplier's pledge and contingent assignment or subrogation of any and all rights and obligations hereunder. This Agreement is binding upon Customer and Supplier, and each party's heirs, successors and permitted assigns. Any required notice of assignment will be considered complete when it is mailed to the Customer's address on file with the Supplier. There are no third-party beneficiaries to this Agreement.

#### XVII. WARRANTY, DISCLAIMER AND LIMITATION OF LIABILITY

Eligo warrants title to all Retail Energy delivered hereunder and sells such Retail Energy to Customer free from liens and adverse claims. THIS IS ELIGO'S ONLY WARRANTY CONCERNING THE SERVICES PROVIDED HEREUNDER AND IS MADE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPPRESENTATIONS, EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY OR OTHERWISE. EXCEPT AS PART OF ANY PAYMENT OF THE SETTLEMENT AMOUNT IN ACCORDANCE WITH THE TERMS HEREOF, NEITHER PARTY SHALL BE RESPONSIBLE UNDER ANY CIRCUMSTANCES FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE, OR CONSEQUENTIAL DAMAGES. IN ADDITION, ELIGO'S AGGREGATE LIABILITY UNDER THIS AGREEMENT SHALL BE LUITED TO AN AMOUNT EQUAL TO THE TOTAL OF THE FIRST TWO ELIGO INVOICES REFLECTING THE ENERGY COST SPECIFIC TO CUSTOMER'S METER READS AS THE SOLE AND EXCLUSIVE REMEDY. TO THE MAXIMUM EXTENT POSSIBLE UNDER LAW, ARTICLE 2 OF THE UNIFORM COMMERCIAL CODE SHALL APPLY TO THE RETAIL ENERGY SOLD HEREUNDER.

#### XVIII. ENTIRE AGREEMENT

This Agreement constitutes the entire understanding of the Parties with respect to the subject matter hereof and may only be amended by a written instrument executed by both Parties. Any attachment, exhibit, or addendum executed pursuant to this Agreement by the Parties after the date hereof shall become a part of this Agreement as of the effective date of such attachment, exhibit, or addendum. In the event of a conflict between the terms of the General Terms and Conditions and any attachment, exhibit, or addendum, the terms of any Attachment shall govern. This Agreement is effective only upon Customer's execution and Eligo's subsequent execution or performance of this Agreement.

#### XIX. COUNTERPARTS

This Agreement may be executed in one or more counterparts and each executed counterpart shall be considered an original.

State Disclosure(s): Customer has the right to request from Eligo twice within a twelve-month period up to twenty-four months of Customer's payment history without charge; Customer may be charged switching fees by the Utility. If your complaint is not resolved after you have called your electric supplier and/or your electric utility, or for general utility information, residential and business customers may contact the public utilities commission of Ohio (PUCO) for assistance at 1-

800-686-7826 (toll free) from eight a.m. to five p.m. weekdays, or at [http://www.puco.ohio.gov](http://www.puco.ohio.gov). Hearing or speech impaired customers may contact the PUCO via 7-1.1 (Ohio relay service). The Ohio consumers' counsel (OCC) represents residential utility customers in matters before the PUCO. The OCC can be contacted at 1-877-742-5622 (toll free) from eight a.m. to five p.m. weekdays, or at [http://www.pickocc.org](http://www.pickocc.org).

# EXHIBIT D

### **REQUESTS FOR ADMISSION**

RFA-01-01 Please admit that the document attached hereto as Exhibit A is a true and accurate copy of the Electric Service Agreement executed by Complainant and Eligo on July 10, 2017. **Response: ADMIT** RFA-01-02 Please admit that the document attached hereto as Exhibit C is a true and accurate copy of the Welcome Packet mailed to Complainant by Eligo on July 8, 2017. **Response: ADMIT** Please admit that no written modifications were made to the Electric RFA-01-03 Service Agreement, attached hereto as Exhibit A, after Complainant and Eligo executed the agreement on July 10, 2017. **Response: ADMIT** RFA-01-04 Please admit that Complainant was able to contact Eligo at any time prior to its fixed-rate contract expiring on August 22, 2021 to enter into a new contract. **Response:** DO NOT ADMIT RFA-01-05 Please admit that Complainant made no attempt to contact Eligo to enter into a new contract prior to the expiration of its initial July 10, 2017 contract.

**ADMIT** 

**Response:** 

RFA-01-06 Please admit that Complainant was able to contact Eligo at any time

after its July 10, 2017 fixed-rate contract expired on August 22, 2021

to enter into a new contract.

**Response:** 

DO NOT ADMIT

RFA-01-07 Please admit that Complainant made no attempt to cancel its July

10, 2017 contract with Eligo or the subsequent renewals prior to

February 3, 2021.

**Response:** 

DO NOT ADMIT

RFA-01-08 Please admit that Complainant made no attempt to switch providers

prior to February 11, 2021.

**Response:** 

**ADMIT** 

RFA-01-09 Please admit that Complainant made no attempt to contact Eligo to

enter into a new contract after the expiration of its initial July 10,

2017 contract until February 3, 2021.

**Response:** 

**ADMIT** 

RFA-01-10 Please admit that on February 4, 2021 Complainant entered into a

new fixed-rate contract, separate from the Electric Service

Agreement attached hereto as Exhibit A.

**Response:** 

**ADMIT** 

RFA-01-11 Please admit that on February 11, 2021 Complainant cancelled the

new, February 4, 2021 fixed-rate contract.

**Response:** 

**ADMIT** 

RFA-01-12

Please admit that Complainant did not enter into any other contracts with Eligo or its representatives other than: 1) the Electric Service Agreement attached hereto as Exhibit A and 2) the separate fixed-rate contract executed on February 4, 2021.

**Response:** 

**ADMIT** 

RFA-01-13

Please admit that the document attached hereto as Exhibit B is a true and accurate copy of bill messages provided to Complainant by Eligo regarding the expiration of the fixed-rate contract executed by Complainant and Eligo on July 10, 2017.

**Response:** 

DO NOT ADMIT

RFA-01-14

Please admit that Complainant never notified Eligo or its representatives about Complainant's health conditions referenced in the Complaint (cardiovascular conditions, type 2 diabetes, complications from cardiovascular surgery, hematoma of the leg, and brain injury) prior to March 3, 2021.

**Response:** 

**DO NOT ADMIT** 

RFA-01-15

Please admit that Eligo offered a courtesy refund to resolve Complainant's concerns regarding high bills on February 11, 2021 and various dates thereafter.

**Response:** 

DO NOT ADMIT

RFA-01-16

Please admit that Complainant rejected Eligo's offers, made on February 11, 2021 and various dates thereafter, to provide Complainant a courtesy refund of \$500.

**Response:** 

**ADMIT** 

RFA-01-17 Please admit that Eligo complied with the rules set forth in the Ohio

Administrative Code in supplying electricity to Complainant from

September 22, 2017 through August 22, 2021.

Response: DO NOT ADMIT

RFA-01-18 Please admit that Eligo complied with the rules set forth in the Ohio

Administrative Code in supplying electricity to Complainant from

August 22, 2021 through March 23, 2021.

**Response:**DO NOT ADMIT

#### **Message Center**

Please note: The "LATE AMOUNT" displayed in the bill stub reflects potential late payment charges for DP&L charges only. Your supplier may charge late payment charges on past due supplier charges in addition to those charged by DP&L. Contact your supplier for more information.

This statement is for your information only. The prompt amount will be automatically withdrawn from your bank account on the due date.

As part of Ohio's Electric Choice Program, your electric supply is provided by Eligo Energy OH, LLC, 1658 N Milwaukee Ave, Ste 314, Chicago, IL 60647; (888) 744-8125. This bill reflects charges for these services and DP&L charges for electric delivery service.

Your bill account number with your supplier is 5811472062279477.

Your total electric supplier charges are \$1,568.00.

### **Price-to-Compare Message**

In order for you to save money off of your utility's supply charges, a supplier must offer you a price lower than DP&L's price. To determine the price-to-compare please visit DP&L's web site at www.dpandl.com or if you do not have access to the internet, call DP&L at 1-800-929-8646. To review available competitive supplier offers, visit the Public Utilities Commission of Ohio's "Energy Choice Ohio" website at energychoice.ohio.gov. You may contact DP&L for a written explanation of the price-to-compare message.

#### **Message Center**

Please note: The "LATE AMOUNT" displayed in the bill stub reflects potential late payment charges for DP&L charges only. Your supplier may charge late payment charges on past due supplier charges in addition to those charged by DP&L. Contact your supplier for more information.

This statement is for your information only. The prompt amount will be automatically withdrawn from your bank account on the due date.

As part of Ohio's Electric Choice Program, your electric supply is provided by Eligo Energy OH, LLC, 1658 N Milwaukee Ave, Ste 314, Chicago, IL 60647; (888) 744-8125. This bill reflects charges for these services and DP&L charges for electric delivery service.

Your bill account number with your supplier is 5811473686643130.

Your total electric supplier charges are \$560.00.

#### Price-to-Compare Message

In order for you to save money off of your utility's supply charges, a supplier must offer you a price lower than DP&L's price. To determine the price-to-compare please visit DP&L's web site at www.dpandl.com or if you do not have access to the internet, call DP&L at 1-800-929-8646. To review available competitive supplier offers, visit the Public Utilities Commission of Ohio's "Energy Choice Ohio" website at energychoice.ohio.gov. You may contact DP&L for a written explanation of the price-to-compare message.
