{¶ 2} Under R.C. 4929.05, a natural gas company may file an application for an alternative rate plan. After an investigation, the Commission shall approve the alternative rate plan if the natural gas company demonstrates and the Commission finds the natural gas company is in compliance with R.C. 4905.35; is in substantial compliance with the policy of the state, as set forth in R.C. 4929.02; and is expected to continue to be in substantial compliance with the policy of the state specified in R.C. 4929.02 after implementation of the alternative rate plan. The Commission must also find that the alternative rate plan is just and reasonable.

{¶ 3} R.C. 4929.051(B) provides that an alternative rate plan filed by a natural gas company under R.C. 4929.05 and seeking authorization to continue a previously approved alternative rate plan shall be considered an application not for an increase in rates.

The PIR program was previously approved in Case Nos. 08-169-GA-ALT and 11-2401-GA-ALT. Dominion asserts that its application should be considered an application not for an increase in rates.
