OBJECTION TO RAISE IN GAS PRICE FOR COLUMBIA GAS OF OHIO

Several years ago I changed from Electric Heat to Gas heat. The installation of gas lines was to be free.

Now, during summer months when I don't use the gas furnace, I am being charged anyway where from \$8.00 and up. When I called to complain I was told they were allowed to charge me.

If they are charging me for gas I'm not using (and probably hundreds (or thousands) of others) why do they need a raise?

I assume the managers and all others in charge, are also including a big raise in salary, benefits of all kinds for themselves.

I object to any extra benefits of any kind for management. Probably if I could read what they are asking for, I would object to a lot more!

I'm 96 yrs old and have never seen our country in the mess it is now! Why would anyone work when the government pays them not to work?
