Address: Shawnee Township, Lima, OH  
Case: 20-1605, AEP/BP Lightsource

Subject: We vote NO on Birch Solar Project

Comments: We are totally against this massive Solar Project. This project is too large and near too many people. It will not benefit us in any way. It is unsafe for our large population and the project would destroy our county. We have very high population near the proposed solar project. We are also surrounded by the Lima Refineries. This project would take away too much of our agricultural land and is unfit for our townships' vision. Our township had a vision they laid out and this project does not fit in with their vision. This project is wrong and does not belong here. Too large and too dangerous for our residents. Please turn this project down.
