20-1605

Matt Butler:

I am writing in regards to
The Birch Solar Project case #
20-1605. EL-Bch Date started 10-16-2020

My husband Theodore L. Allen Sr.
and I Mary J. Allen live on
The farm at 4595 W. Hurrell Line
0h:0 45806 right next to The
Farm of Barrett Feigh at
Sellers Rd. in Shawnee Twp. in
Allen Co. right next where the
Project will be all down Sellers
Rd. if approved. We will be
within 300 to 500 ft all fenced
in.

We are so against this not
The Solar itself but where it
is going to be and all the area
affected if it should be approved.
and all the changes for our
farm & community.

We have been on our farm
all of our married life (40 yrs)
We are both up in age my husband
will be 90 in Jan & I am 84. We have
had great times here raising our
son Ted Allen Jr & our grand grand kids
5 of them & 2 grandchildren to
enjoy farm life.

We know this will affect us

Many lives here in our community in a very negative way. We have not a long life ahead of us but so many do have. We would appreciate if you would give this matter some serious thoughts & attention before agreeing to such a drastic change of this magnitude.

We feel so many people do not need this project in our great farming community in Shawnee Twp, in Allen Co. Ohio.

Please help us keep our county safe & peaceful as we have been in the past.

Thank you so much for your time & considerations.

Thanks again

Theodore L. Allen
Mary J. Allen
