Special Notes:

1: PERMIT TO DIG TO INSTALL STEEL PIPING ACROSS ROAD

2: Maintain one 10 foot wide vehicle travel lane in each direction. The use of full time flaggers may be necessary.

3: Maintain access to abutting property owners at all times.

4: All maintenance of traffic shall be performed in accordance with Item 614 "Maintenance of Traffic", as provided in the State of Ohio, Department of Transportation "Construction and Materials Specifications" (ODOTCMS) and the City of Cincinnati Supplement to the ODOTCMS and the requirements for maintaining traffic in the "Ohio Manual of Uniform Traffic Control Devices" (OMUTCD). The City of Cincinnati's "Traffic Safety Handbook" may be used as a supplement to the OMUTCD. Advanced Warning Signs, Reflective Cones and Arrow Boards where applicable, shall be the responsibility of the permittee to comply. Approval of this permit DOES NOT RELIEVE THE PERMITTEE of that responsibility.

5: The permitted equipment must be placed/removed daily in accordance with the posted parking and traffic control signs (including time restrictions) unless otherwise stated on this permit, at least 15 feet clear of the nearest fire hydrant and 50 feet clear of the nearest intersection. Permittee is cautioned regarding damage to street paving and facilities.

6: The permitted equipment must have company identification and meet City Public Works specifications for reflectivity at all times especially if the equipment will be used during nighttime hours. Construction barrels are required if the equipment does not comply with the city's reflectivity requirements. A sufficient number of barrels must be placed in advance of the equipment, immediately next to each other for the full width of the portion of roadway or the traffic lane that is blocked by the equipment. The approaching traffic must be able to see the barrels.

7: Notify METRO Dispatch at 513-632-7550 for any work near a bus stop.

8: Requests for temporary parking restrictions must be made at the police district in which the requested restriction is geographically located.

If you are not certain of the police district an address is geographically located in, contact any police district for assistance in verifying the location.

Doc Control #: TE21031984

It is the requestor's responsibility to submit the Parking Restriction Request in sufficient time to place the restriction sign(s)/meter bag(s) to comply with minimum lead time requirement in advance of the restriction, or the request may be unenforceable. Do not place restriction sign(s)/meter bag(s) beyond the maximum hours, in advance. When completing a Parking Restriction Request Form at a police district, be prepared to provide the DOTE, Right-of-Way Section issued permit. When a parking restriction form is received, the accepting officer will review the form for completeness and sign that it was received.

If you wish to temporarily restrict parking in an area that is not otherwise restricted, the completed request form must be submitted, AND the restriction sign(s) posted a minimum of 24 hours in advance, but not more than 36 hours in advance.

If you wish to temporarily restrict parking in metered parking spaces only, the completed request form must be submitted, AND the restriction sign(s)/meter bag(s) posted a minimum of 14 hours in advance, but not more than 24 hours in advance.

The receiving officer will advise the requesting party that they will be notified upon approval. Although signs and bags may be given to requesting parties at time of request, signs are not to be posted until notification of approval is made.

Upon posting the signs the requesting agency must call the District. The signs will not be enforced if the agency fails to notify the District.

9: When no work is being performed, the entire roadway must be open and available to the movement of all traffic. All material and debris must be removed. Any work in the Right-of-Way that is not complete, MUST BE plated or otherwise open to traffic, and secured for safety purposes, for both pedestrian and vehicular traffic.

10: Pedestrian protection and pedestrian access must be maintained at all times.

11: The permittee is responsible for assuring that the work area is secured and pedestrians cannot walk under equipment or into the work area. Traffic control devices must be used to secure the work area. Pedestrian, advanced warning or instructional signs are required.

12: By the Permittee's acceptance of this permit, all work performed or procedures undertaken in connection with the work described in this permit shall be in strict conformance with applicable rules, policies, regulations, codes, laws of the City of Cincinnati and State of Ohio. Any actions, by the persons operating under the authorization of this permit, not in conformance with the aforesaid requirements shall be considered a violation of the permit and subject to citation in accordance with the appropriate Civil Offense for working without a permit.

13: Any collateral damage must be repaired as directed by the DOTE Inspector.

14: Existing curb and roadway to be replace in-kind and as directed by the DOTE District Inspector.

IMPORTANT: This permit including any approved documents must be kept on the job site at all times.
