RE: *In the Matter of the Application of The Dayton Power and Light Company
(d/b/a AES Ohio) to Increase Its Rates for Electric Distribution,
Case Nos. 20-1651-EL-AIR, et al.*

Dear Examiners Williams and Schabo:

The Dayton Power and Light Company d/b/a AES Ohio files this letter to address its rights in R.C. 4909.42. On November 30, 2020, AES Ohio filed case number 20-1651-EL-AIR, et al., which is an application for an increase in distribution rates pursuant to R.C. 4909.18. Ohio Revised Code Section 4909.42 permits AES Ohio to implement the requested increase in rates, without any obligation to make a refund of the amount collected, if the Public Utilities Commission of Ohio has not entered an order within five hundred forty-five days from the date of filing the application, which period expires on May 29, 2022.

Since the filing of this case, AES Ohio has worked diligently to provide the Commission Staff with timely responses to hundreds of data requests and their numerous sub-parts. In turn, the Commission Staff has diligently processed, reviewed, and audited the voluminous information provided by AES Ohio. Further, the parties have been and continue to be engaged in extensive settlement discussions. AES Ohio understands that it may not be possible for the Commission to issue an order within the time period mandated by R.C. 4909.42. Therefore, AES Ohio agrees to waive its right to put into effect an increase in rates without any obligation to make a refund of the amount collected which exceed the amount authorized by the Commission's final order.

Very truly yours,

Jeffrey S. Sharkey
