**RE: In the Matter of the Groves Road-Shannon 138kV Transmission Line
Project
Case No. 21-0199-EL-BTX
Proof of Compliance with O.A.C. 4906-3-03 (B)(2)**

Dear Ms. Troupe:

AEP Ohio Transmission Company, Inc. hereby files this proof of compliance with the notice requirements set forth in Rules 4906-3-03 (B) (2) of the Ohio Administrative Code for the above-referenced project applications:

1. In accordance with O.A.C. 4906-3-03 (B) (2), AEP Ohio Transmission Company, Inc. submitted the attached communication to the listed landowner on November 24, 2021.

Respectfully submitted,

/s/ Hector Garcia-Santana
Hector Garcia (0084517)
Counsel for AEP Ohio Transmission Company, Inc.

RE: Notice of Public Information Meeting for a Proposed Major Utility Facility
AEP Ohio Transco, Inc.
Southeast Columbus Area Improvements Project Update & Open House Invitation
To be filed as Groves Road-Shannon 138 kV Transmission Line Project
Case No. 21-0199-EL-BTX

Dear Neighbor,

You are receiving this letter because public records indicate you own property or live near a proposed transmission line project. We are writing to update you on the next steps in the Southeast Columbus Area Improvements Project.

As you may recall in previous communications, the project involves:

- Building approximately 5 miles of 138-kilovolt (kV) transmission line between Groves Road and Shannon substations
- Rebuilding approximately 2 miles of 138-kV transmission line between Astor Substation and an existing power line off Brice Road (to be filed spring 2022)
- Rebuilding approximately 4.5 miles of 138-kV transmission line between Bixby and Shannon substations (filed in September 2021 with the Ohio Power Siting Board (OPSB), Case No. 21-0850-EL-BLN)
- Expanding Shannon Substation near the intersection of Shannon Road and Brice Road

The 70-year-old transmission line has shown significant deterioration, caused multiple electrical outages during the past six years, and is unable to support continued growth in the area. Replacing the deteriorating equipment along the transmission line with modern equipment provides improved reliability and resiliency of the local electric system. These improvements reduce the amount and frequency of required maintenance and enhances the line's operational performance.

We are hosting an in-person and virtual open house and invite you to learn more and share input on the two route alternatives for the 5 miles of proposed power line between Groves Road and Shannon substations. These route alternatives are shown on the enclosed fact sheet. Please join us from **5:30 p.m. to 7:30 p.m. on Wednesday, December 15**, at **The Wigwam Event Center** located at **10190 Blacklick-Eastern Road in Pickerington**. Visitors can view detailed maps and talk with team members about the project. There is no formal presentation, so you can arrive at any time during the event.

At AEP Ohio, safety is our first priority. Due to COVID-19, AEP Ohio staff members plan to wear face coverings and practice social distancing at the open house to ensure safety for you and our staff. We encourage attendees to wear face coverings at the open house per the Centers for Disease Control and Prevention (CDC) guidance for vaccinated and unvaccinated individuals. We will provide masks and hand sanitizer at the open house. We ask that if you are experiencing fever, cough, body aches, or other COVID-19 symptoms, please stay home for the safety of your neighbors and our staff.

BOUNDLESS ENERGY™

AEP Ohio
8600 Smiths Mill Rd
New Albany, OH 43054

If you are feeling unwell, you may visit the **VIRTUAL OPEN HOUSE at AEPOhio.com/SoutheastColumbus** to access information, view an interactive map, enter our virtual open house and submit comments through a “Contact Us” link.

If you prefer, you can share your input by using any of the additional communication methods below:

- Complete the enclosed comment card with your input and mail it back to Joe Demaree, Project Outreach Specialist for AEP Ohio, in the self-addressed, stamped envelope provided;
- Call Joe Demaree at (380) 205-5046;
- Send an email to Joe Demaree at: jkdemaree@aep.com;
- Send your comments directly to the OPSB at 180 East Broad Street, Columbus, OH 43215-3793. You may also visit opsb.ohio.gov or contact the OPSB at (866) 270-6772 or contactopsb@puc.state.oh.us.

When sharing your input on the two route options please feel free to include information about your property such as:

- Historically significant buildings or landmarks such as cemeteries;
- Natural features such as wetlands or springs;
- Future plans for your property.

In order to construct the project, AEP Ohio must obtain the approval of the OPSB. Following the public input period, the AEP Ohio project team prepares and submits an application to the OPSB that includes information on both a preferred and alternate route for the 5 miles of proposed power line between Groves Road and Shannon substations. Public feedback helps us finalize a preferred and alternate line route to submit to the OPSB early next year.

The OPSB is legally obligated to review the application and, if certain legal criteria are met, it may approve the project. OPSB approval is obtained through the issuance of a Certificate of Environmental Compatibility and Public Need. For more information on the OPSB, its composition and the process it follows in reviewing the application for the project, please visit www.opsb.ohio.gov. You can also contact OPSB staff via e-mail at contactopsb@puco.ohio.gov, by phone at 866-270-6722 or mailing correspondence to 180 East Broad Street, 11th Floor, Columbus, OH 43215.

A separate public hearing on the project will be scheduled in the future. You may request notice of the public hearing using any of the communication methods mentioned earlier in this letter. You can file a petition to intervene in the OPSB process with the siting board up to 30 days after the public hearing notice. The OPSB determines the final line route.

Please review the enclosed fact sheet for more information. Feel free to contact me if you have any questions.

Sincerely,

Joe Demaree
Project Outreach Specialist
