CASE # 18-0057-EL-GAG

RE: Electric Governmental Aggregator Renewal Application —Salem Township, Warren County, OH.

Salem Township is pleased to submit its renewal application for electric governmental aggregator. The original application has been notarized and signed by an authorized official.

Material provided for review:

- Application for Governmental Aggregations and Affidavit
- Exhibit A-2 Authorizing Ordinance reflecting voter authorization;
- Exhibit A-3 Plan of Operation and Governance;
- Exhibit A-4 Automatic Aggregation Disclosure;

Should you have any questions or additional needs, please call me at (614) 425.4885.

Sincerely,

Scott R. Belcastro

RENEWAL APPLICATION FOR ELECTRIC GOVERNMENTAL AGGREGATORS

Please print or type all required information. Identify all attachments with an exhibit label and title (Example: Exhibit A-4 Opt-Out Form). All attachments should bear the legal name of the Applicant and should be included on the electronic copy provided. Applicants should file completed applications and all related correspondence with: Public Utilities Commission of Ohio, Docketing Division, 180 East Broad Street, Columbus, OH 43215-3793.

This PDF form is designed so that you may input information directly onto the form. You may also download the form, by saving it to your local disk, for later use.

A. RENEWAL INFORMATION

A-1 Applicant's legal name, address, telephone number, PUCO certificate number, and web site address

Legal Name Salem Township (Warren County)

Address PO Box 171, Morrow, OH 45152

PUCO Certificate # and Date Certified 18-1291E(1) February 04,2020

Telephone # (513) 899-3688 Web site address (if any) www.salemtownship-warrencounty.com/county

A-2 Exhibit A-2 "Authorizing Ordinance" provide a copy of the ordinance or resolution authorizing the formation of a governmental aggregation program adopted pursuant to Section 4928.20(A) of the Revised Code.

A-3 Exhibit A-3 "Operation and Governance Plan" provide a copy of the applicant's current plan for operation and governance of its aggregation program adopted pursuant to Section 4928.20(C) of the Revised Code. The Operation and Governance Plan explained in Exhibit A-3 should include:

- Terms and conditions of enrollment including:
 - Rates
 - Charges
 - Switching fees, if any
- Policies associated with customers moving into/out of aggregation area
- Billing procedures
- Procedures for handling complaints and disputes including the toll-free telephone number and address for customer contacts

A-4 **Exhibit A-4 Automatic Aggregation Disclosure-"Opt-out Form"** provide a copy of the disclosures/"opt-out" required by Section 4928.20(D) of the Revised Code, if its aggregation program provides for automatic aggregation in accordance with Section 4928.20(A) of the Revised Code. If the opt-out is in draft form, docket the final opt-out (including beginning and ending dates of the 21-day -out period and the selected CRES supplier) with the Commission within 10 days prior to providing or offering service. See #12 in the attached Affidavit .

A-5 **Contact person for regulatory or emergency matters**

Name Scott Belcastro

AFFIDAVIT

State of OHIO :

Morrow ss.
(Town)

County of Warren :

Ramon Blanton, Affiant, being duly sworn/affirmed according to law, deposes and says that:

He/She is the Trustee (Office of Affiant) of Salem Township (Name of Applicant);
Warren County

That he/she is authorized to and does make this affidavit for said Applicant,

1. The Applicant herein, attests under penalty of false statement that all statements made in the application for certification renewal are true and complete and that it will amend its application while the application is pending if any substantial changes occur regarding the information provided in the application.
2. The Applicant herein, attests it will timely file an annual report with the Public Utilities Commission of Ohio of its intrastate gross receipts, gross earnings, and sales of kilowatt-hours of electricity pursuant to Division (A) of Section 4905.10, Division (A) of Section 4911.18, and Division (F) of Section 4928.06 of the Revised Code.
3. The Applicant herein, attests that it will timely pay any assessments made pursuant to Sections 4905.10, 4911.18, or Division F of Section 4928.06 of the Revised Code.
4. The Applicant herein, attests that it will comply with all Public Utilities Commission of Ohio rules or orders as adopted pursuant to Chapter 4928 of the Revised Code.
5. The Applicant herein, attests that it will cooperate fully with the Public Utilities Commission of Ohio, and its Staff on any utility matter including the investigation of any consumer complaint regarding any service offered or provided by the Applicant.
6. The Applicant herein, attests that it will fully comply with Section 4928.09 of the Revised Code regarding consent to the jurisdiction of Ohio Courts and the service of process.
7. The Applicant herein, attests that it will comply with all state and/or federal rules and regulations concerning consumer protection, the environment, and advertising/promotions.
8. The Applicant herein, attests that it will use its best efforts to verify that any entity with whom it has a contractual relationship to purchase power is in compliance with all applicable licensing requirements of the Federal Energy Regulatory Commission and the Public Utilities Commission of Ohio.
9. The Applicant herein, attests that it will cooperate fully with the Public Utilities Commission of Ohio, the electric distribution companies, the regional transmission entities, and other electric suppliers in the event of an emergency condition that may jeopardize the safety and reliability of the electric service in accordance with the emergency plans and other procedures as may be determined appropriate by the Commission.
10. If applicable to the service(s) the Applicant will provide, the Applicant herein, attests that it will adhere to the reliability standards of (1) the North American Electric Reliability Council (NERC), (2) the appropriate regional reliability council(s), and (3) the Public Utilities Commission of Ohio. (Only applicable if pertains to the services the Applicant is offering)

11. The Applicant herein, attests that it will inform the Commission of any material change to the information supplied in the renewal application within 30 days of such material change, including any change in contact person for regulatory purposes or contact person for Staff use in investigating customer complaints.
12. The Applicant herein, attests that if the opt-out is in draft form, the Applicant will docket the final opt-out (including beginning and ending dates of the 21-day -out period and the selected CRES supplier) with the Commission within 10 days prior to providing or offering service.

That the facts above set forth are true and correct to the best of his/her knowledge, information, and belief and that he/she expects said Applicant to be able to prove the same at any hearing hereof.

Rob Blanton, Salem Twp Trustee, Warren Co.

EXHIBIT A-2

AUTHORIZING ORDINANCE

WARREN COUNTY
BOARD OF ELECTIONS
RECEIVED

Resolution No. 0613-2017

2017 JUN 28 P 3:00
A RESOLUTION AUTHORIZING ALL ACTIONS NECESSARY TO EFFECT A GOVERNMENTAL ELECTRICITY AGGREGATION PROGRAM WITH OPT-OUT PROVISIONS PURSUANT TO SECTION 4928.20 OHIO REVISED CODE AND DIRECTING THE WARREN COUNTY BOARD OF ELECTIONS TO SUBMIT A BALLOT QUESTION TO THE ELECTORS.

WHEREAS, the Ohio Legislature enacted electric deregulation legislation ("Am. Sub. S.B. No. 3"), which authorized the legislative authorities of municipal corporations, townships, and unincorporated areas of the county, to aggregate the retail electrical loads located within the respective jurisdictions and to enter into service agreements to facilitate for those loads the purchase and sale of electricity; and

WHEREAS, such legislative authorities may exercise said authority individually or jointly with any other legislative authorities; and

WHEREAS, governmental aggregation provides an opportunity for residential and small business consumers to participate collectively in the potential benefits of electricity deregulation through lower electricity rates, which would not otherwise be available to those electricity customers individually; and

WHEREAS, the Board of Trustees of Salem Township ("Trustees") seeks to establish a governmental aggregation program with opt-out provisions pursuant to Section 4928.20, Ohio Revised Code, for the residents, businesses and other electric consumers in the unincorporated areas of the Township, and may be in conjunction with any other legislative authorities in the State of Ohio, as permitted by law (the "Aggregation Program").

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of Salem Township, Warren County, Ohio that:

Section 1: The Board finds and determines that it is in the best interest of the Township, its residents, businesses and other electric consumers located within the unincorporated areas of the Township to establish an Aggregation Program within the unincorporated areas of the Township. Provided that the Aggregation Program is approved by the electors of the Township pursuant to Section 2 of this Resolution, the Board is hereby authorized to automatically aggregate, in accordance with Section 4928.20, Ohio Revised Code, the retail electric loads located within the unincorporated areas of the Township, and, for that purpose, to enter into

service agreements to facilitate for those loads the purchase and sale of electricity. The Board may exercise such authority jointly with any other political subdivision of the State of Ohio to the full extent permitted by law, which may include use of an energy broker/consultant/aggregator, so long as the broker/consultant/aggregator is certified by the Public Utilities Commission of Ohio.

The aggregation will occur automatically for each person owning, occupying, controlling, or using an electric load center proposed to be aggregated and will provide for the opt-out rights described in Section 3 of this Resolution.

Section 2: The Board of Elections of Warren County is hereby directed to submit the following question to the electors of the Township at the election on November 7, 2017:

Shall the Board of Trustees of Salem Township have the authority to aggregate the retail electric loads located within the unincorporated areas of the Township, and for that purpose, enter into services agreements to facilitate for those loads the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt-out, in accordance with Section 4928.20 of the Ohio Revised Code and Resolution No. 0613-2017 adopted by the Board of Trustees?

The [Administrator/Clerk/Fiscal Officer] of this Board is instructed to immediately file a certified copy of this Resolution and the proposed form of the ballot question with the Warren County Board of Elections not less than ninety (90) days prior to the election to be held November 7, 2017. The Aggregation Program shall not take effect unless approved by a majority of the electors voting upon this Resolution and the Aggregation Program provided for herein at the election held pursuant to this Section 2 and Section 4928.20, Ohio Revised Code.

Section 3: Upon approval of a majority of the electors voting at the election provided for in Section 2 of this Resolution, this Board, individually or jointly with any other political subdivision, may develop a plan of operation and governance for the Aggregation Program. Before adopting such plan, this Board shall hold at least two public hearings on the plan. Before the first

hearing, notice of the hearings shall be published once a week for two consecutive weeks in a newspaper of general circulation in the unincorporated areas of the Township. The notice shall summarize the plan and state the date, time, and place of each hearing. No plan adopted by this Board shall aggregate the electric load of any electric load center within the unincorporated areas of the Township unless it, in advance, clearly discloses to the person owning, occupying, controlling, or using the load center that the person will be enrolled automatically in the Aggregation Program and will remain so enrolled unless the person affirmatively elects by a stated procedure not to be so enrolled. The disclosure shall state prominently the rates, charges, and other terms and conditions of enrollment. The stated procedure shall allow any person enrolled in the Aggregation Program the opportunity to opt-out of the program at least every three years, without paying a switching fee. Any such person who opts out of the Aggregation Program pursuant to the stated procedure shall default to the standard service offer provided under Section 4928.141 of the Ohio Revised Code, until the person chooses an alternative supplier.

Section 4: It is hereby found and determined that all formal actions of this Board concerning and relating to the passage of this Resolution were adopted in an open meeting of this Board and that the deliberations of this Board and any of its committees that resulted in such formal actions were in meetings open to the public, in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

EXHIBIT A-3

OPERATION AND GOVERNANCE PLAN

SALEM TOWNSHIP
ELECTRIC
GOVERNMENTAL AGGREGATION
PROGRAM
OPERATION AND GOVERNANCE
PLAN

Prepared by:

Adopted on December 5, 2017

I. Overview

On November 7, 2017, a majority of voters authorized Salem Township ("Township") to create a form of electric governmental aggregation known as "opt-out" aggregation and to create an opt-out electric governmental aggregation program ("Aggregation Program") as provided under Section 4928.20 of the Ohio Revised Code. Under the opt-out Aggregation Program, all eligible electric consumers within the Township's limits will be automatically included in the Aggregation Program initially. However, all consumers will be given the opportunity to opt out of or decline participation in the Aggregation Program as detailed herein. Additionally, Participants who leave the Aggregation Program and wish to return, consumers who affirmatively choose to participate in the Aggregation Program, and consumers who move into the Township after the initial opt-out period will be afforded the opportunity to enroll in the Aggregation Program on an opt-in basis.

The purpose of the Aggregation Program is to represent local consumer interests in emerging competitive electric markets by combining electric needs within the Township's limits and negotiating affordable, reliable electric supplies and other related services on behalf of local consumers. The Township may pursue this purpose individually or in cooperation with other legislative authorities.

Many small commercial and residential electric consumers lack the knowledge, expertise, and bargaining power to effectively negotiate electric supply rates and services. A governmental aggregation program provides these consumers with an option for expert representation and the bargaining power of a larger, more diverse consumer group that may be more attractive to suppliers, allowing them to effectively participate in the competitive process and achieve the benefits of retail electric competition.

The Aggregation Program is designed to combine electric load requirements in order to obtain the best electric supply rate available for those who participate in the Aggregation Program, and to gain other favorable economic and non-economic terms in supply agreements. The Township and its Consultant will not buy and resell electricity, but will act as agents for the Aggregation Program, representing the collective interests of the consumers in the Township to establish the terms and conditions for service. Through a negotiation process, the Township and its Consultant will develop a contract with a Competitive Retail Electric Service Provider (CRES Provider) or Providers for firm, all-requirements electric service. The contract will run for a fixed term.

The Aggregation Program covers the electric supply portion only of a Participant's electric bill. Duke Energy (Duke) will continue to deliver electricity to Aggregation Program Participants' homes and businesses through its electric utility functions regulated by the Public Utilities Commission of Ohio (PUCO). Aggregation Program Participants should continue to call DPL or Duke if they experience an issue with their electric service or if they have billing questions. The PUCO will continue to oversee electric safety and reliability service standards.

II. Process

Under an opt-out aggregation program, each eligible consumer within the Township's boundaries initially will be automatically included in the Aggregation Program on a non-discriminatory basis. However, prior to actual enrollment, each consumer for whom electric rates, terms, and conditions have been negotiated will receive a notice from the Township detailing the Aggregation Program's rates, terms, and conditions.

Each consumer will then have a 21-day period to opt out of or decline to participate in the Aggregation Program without additional fees charged. Consumers opting out of the Aggregation Program will remain Duke's Standard Service Offer for generation service until such time as they select an approved CRES Provider. If the term of the Aggregation Program is longer than three years, a similar opt-out period will be offered every three years during which time consumers can leave the Aggregation Program without paying an early termination fee or penalty.

Participants who leave the Aggregation Program and wish to return, consumers who affirmatively choose to participate in the Aggregation Program, and consumers who move into the Township after the initial opt-out period will be afforded the opportunity to enroll in the Aggregation Program on an opt-in basis. However, the Township cannot guarantee rates, terms, and conditions to consumers enrolling in the Aggregation Program after the initial 21-day opt-out period. Opt-in Participants enrolling in the Aggregation Program will execute a contract with the selected CRES Provider delineating the rates, terms, and conditions prior to being placed into the Aggregation Program.

Participants who relocate within the Township's limits and retain the same electric account number will be allowed to continue in the Aggregation Program at their new location under the same terms and conditions as at their former location, provided the utility rate classification is the same at both locations, and subject to any switching fees imposed by the utility.

The Township, through its Consultant, will negotiate a contract with a CRES Provider to implement and operate the Aggregation Program. Contracts for electric supply and other related services will be negotiated, recommended, and monitored for compliance by the Township's Consultant on behalf of local consumers.

The Township developed this Plan of Operation and Governance in compliance with Ohio law regarding governmental aggregation programs and opt-out governmental aggregation of electric consumers.

After adoption of this Plan of Operation and Governance by resolution or ordinance pursuant to Section 4928.20 of the Ohio Revised Code, the Township will file such Plan with the PUCO and will likewise maintain its certification as a governmental aggregator with the PUCO and its registration as a governmental aggregator with Duke.

III. Plan of Operation and Governance

A. Definitions

1. **Aggregation:** Combining the electric load requirements of multiple customers for the purpose of supplying or arranging for the supply of competitive retail electric service to those customers.
2. **Aggregation Program Manager or Consultant:** The individual or company retained by the Township to oversee the operation and management of the Township's Aggregation Program.
3. **Competitive Retail Electric Service (CRES):** A component of retail electric service that is deemed competitive under the Ohio Revised Code or pursuant to an order of the PUCO. This includes, but is not limited to, the services provided by competitive retail electric service providers, marketers, aggregators, and governmental aggregators.
4. **Competitive Retail Electric Service Provider (CRES Provider):** A person or entity certified by the PUCO and registered with an electric utility which supplies or offers to supply competitive retail electric service over a electric utility's transmission and/or distribution system.
5. **Consumer:** Any person or entity that is an end user of electricity and is connected to any part of the applicable electric utility's transmission or distribution system within the Township's boundaries.
6. **Delivery Charge:** Charge imposed by the electric distribution utility for delivering electricity to a consumer's home or business. The charge includes meter reading, billing, maintaining system reliability and responding during emergencies and outages.
7. **Distribution:** The delivery of electricity to a consumer's home or business through an electric distribution utility's infrastructure and other equipment. Electric utilities' distribution system operations are regulated by the PUCO.
8. **Electric-Related Service:** A service that is directly related to the consumption of electricity at a consumer's home or business. This may include, but is not limited to, the installation of demand side management measures at a consumer's premises, the maintenance, repair or replacement of appliances, lighting, motors or other energy-consuming devices at a consumer's premises, and the provision of energy consumption measurement and billing services.
9. **Electric Supply Charge:** All charges related to the supply of electricity by the CRES Provider.

10. **Governmental Aggregator:** An incorporated township or city, township, or county acting as an aggregator for the provision of a CRES under authority conferred by Section 4928.20 of the Ohio Revised Code.
11. **Kilowatt-hour (kWh):** A kilowatt-hour is 1,000 watts of electricity used for one hour. For example, a 1,000-watt appliance operating for one hour will consume one kilowatt-hour of electricity. Consumers are charged for electricity in cents per kilowatt-hour.
12. **Ohio Consumers' Counsel (OCC):** The Ohio Consumers' Counsel (OCC) was established by the Ohio Legislature in 1976 to represent the interests of Ohio's residential utility customers served by investor-owned utilities in proceedings before the PUCO, other regulatory agencies, and in the courts.
13. **Participant:** An eligible consumer enrolled in the Township's Aggregation Program.
14. **Public Utilities Commission of Ohio (PUCO):** The state agency charged with assuring that all residential and business consumers have access to adequate, safe, and reliable utility services at fair prices, while facilitating an environment that provides competitive choices.
15. **Standard Service Offer:** The electric generation service a consumer will receive from its default electric distribution utility if the customer does not choose a CRES Provider.

B. Aggregation Program Management

Due to the complexity of the electric utility industry, the Township has entered into an Energy Management and Consulting Agreement with the Consultant to provide the necessary expertise to represent the Township's interests in legislative and regulatory matters and to serve as the Aggregation Program Manager. Such services may include, but are not limited to, overall management of the Aggregation Program, facilitating consumer enrollment and the opt-out process, assisting with consumer education, addressing consumer questions and concerns, providing reports on program operation, negotiating CRES Provider contracts, providing analysis and review of the Township's electric service usage and costs, and providing consulting services to aggregate and procure electric and/or related services, products, and accounts, and representing the Township in dealings with CRES Providers, the Ohio Legislature, the PUCO, and the OCC.

The CRES Provider's rates will include an administrative fee, which shall be paid to the Township or its Consultant to fund the implementation and administration of the Township's Aggregation Program, including consulting fees. The

administrative fee may be adjusted annually to cover the Township's cost of administering the program.

Oversight of the Aggregation Program will be the responsibility of the Township's Consultant, in consultation with the Township. The Consultant, in consultation with the Township, will have the authority to develop specifications for the Aggregation Program. The CRES Provider will work under the direction of the Consultant with the advice and counsel of the Township.

C. Selection of a CRES Provider and Contract

Neither the Township nor its Consultant will buy and resell electricity to Aggregation Program Participants. The Township, through its Consultant, will negotiate with potential CRES providers to provide affordable, reliable electricity supply, and other related services on behalf of local consumers. The Township will consider cooperating with other governmental aggregators if it appears beneficial to do so.

Through a negotiation process driven by its Consultant, the Township will develop a contract with a CRES Provider or Providers for firm, all-requirements service. Each Aggregation Program Participant shall be individually bound by the terms and conditions found in the opt-out notice and the contract and shall be solely responsible for payment and performance. The Township will contract only with a CRES Provider that possesses, at a minimum, the following criteria:

1. Is certified as a CRES Provider by the PUCO;
2. Is registered with Duke;
3. Has entered into a service or supply agreement with Duke as established by the PUCO;
4. Will maintain a database of Aggregation Program Participants, which will include all necessary information for the CRES Provider, Township, and Consultant to serve and manage the Aggregation Program;
5. Meets standards of creditworthiness established by the Township at the Township's discretion;
6. Has or has arranged for a customer call center capable of effectively handling Participants' questions, concerns and disputes in a timely manner using a toll-free telephone number;
7. Holds the Township harmless from any financial obligations arising from offering electric and/or related services to Aggregation Program Participants; and
9. Will assist the Township and its Consultant with the filing of reports required by Ohio law and the PUCO.

The CRES Provider's contract will run for a fixed term and contain all pricing, charges, switching fees, etc. in clear and easily understandable terms.

The Township will require any CRES Provider to disclose any subcontractors that it uses in fulfillment of the services described herein.

D. Electric Supply Charges

The Township, through its Consultant, will aggregate electric load requirements within the Township's applicable boundaries and negotiate mutually agreeable pricing, terms, and conditions of service with the CRES Provider for affordable, reliable electric supplies and other related services on behalf of Participants. The Township may pursue this purpose individually or in cooperation with other entities. CRES Providers will supply information on electric supply charges by utility customer rate classification or other appropriate pricing category as approved by the Township. All electric supply charges will be fully and prominently disclosed in consumer enrollment materials, the opt-out notice, and will be subject to approval by the Township.

E. Duke Regulated Customer Classifications and Rates

Duke assigns customer rate classifications, character of service, and associated regulated rates subject to PUCO-approved tariffs. In addition to the CRES Provider's supply charges, consumers will continue to be billed for Duke's service and delivery charges. Although the Township may participate in regulatory proceedings and represent the interests of consumers regarding these regulated rates, it cannot assign or alter customer rate classifications.

It is the intention of the Township to offer its Aggregation Program to all eligible customers for which the CRES Provider can offer potential savings and/or other benefits compared to the electric distribution utility's avoidable costs or price to compare.

F. Developing the Pool of Eligible Accounts

The Township or its Consultant shall request the electric distribution utility to provide current customer information for all customers within the Township's boundaries. The provided information shall include the following:

- Customer name;
- Customer service address;
- Customer billing address;
- Electric distribution utility customer account number;
- Electric distribution utility rate code;
- Electric distribution utility PIPP code;
- Customer usage data;

- Whether or not a customer has a present contract with a CRES Provider; and
- Whether or not a customer has a special service contract with the electric distribution utility.

From this information, the Township, its Consultant, and the CRES Provider will develop the pool of customers eligible to participate in the Aggregation Program, for which the CRES Provider can offer potential savings and/or other benefits

G. Initial Consumer Notification and Enrollment

After contract approval by the Township and its Consultant, the CRES Provider will work with the Township, its Consultant, and the electric distribution utility to identify all eligible consumers within the Township's boundaries.

All eligible consumers will be notified in writing of the rates, charges, and other terms and conditions of participation in the Aggregation Program and that they will be automatically enrolled in the Aggregation Program unless they opt out of, or decline participation in, the Aggregation Program. Consumers will be given 21 days from the postmark date of the opt-out letter in which to notify the Township that they wish to opt out of, or decline participation in, the Aggregation Program without penalty fees. Consumers opting out of the program will remain on the applicable utility's Standard Service Offer for generation service unless or until such time as they select an approved CRES Provider.

Consumers may opt out of the Aggregation Program by returning a post card or form, by calling a toll free number, or by other means as provided in the opt-out letter.

After the initial 21-day opt-out period has elapsed, all eligible consumers who have not notified the Township of their desire to opt out of the Aggregation Program will be enrolled automatically by the CRES Provider at the earliest date practicable. No other affirmative steps will be required of consumers in order to be included in the Aggregation Program as Participants.

Consumers ineligible to participate in the Aggregation Program include those customer accounts that are located outside the Township's boundaries, customers who are already in contract with a CRES provider, nonresidential customers who qualify as "mercantile customers" under PUCO rules, Percentage of Income Payment Plan (PIPP) consumers or consumers taking service under a similar or successor program, and consumers whose accounts are not current with their present electric distribution utility, as appropriate. The aggregation of PIPP customers is under the direction of the State of Ohio.

Eligible consumers enrolled in the Aggregation Program by the CRES Provider will receive a letter from their electric distribution utility notifying them of their

enrollment. Consumers will have seven calendar days to notify the electric distribution utility of any objection to their enrollment in the Aggregation Program. The applicable electric distribution utility will notify the CRES Provider of consumer objections or any reason that a consumer was not enrolled in the Aggregation Program and the CRES Provider will maintain a list of customers who have opted out under the Aggregation Program rules.

The CRES Provider will report to the Township the status of the Aggregation Program enrollment on at least a quarterly basis.

H. Leaving the Aggregation Program

In addition to the initial opt-out period described above, each Participant will be given an opportunity to opt out of the Aggregation Program every three years without paying an early termination fee or penalty as required by law and PUCO rules. Consumers who choose to opt out of the Aggregation Program at any time other than during the initial 21-day opt-out period or during subsequent opt-out periods offered by the Township may be subject to an early termination fee and may not be served under the same rates, terms, and conditions that apply to other customers served by the electric distribution utility.

Any consumer who opts out of the Aggregation Program during the initial opt-out period or subsequent opt-out periods will be returned to their electric distribution utility's Standard Service Offer until such time as the consumer selects another approved CRES Provider.

I. CRES Provider Responsibilities

The CRES Provider will build and maintain a database of all Aggregation Program Participants. The database will include the name, address, utility service identification number, and other pertinent information as agreed upon by the Township, Consultant, and the CRES Provider. Such information may include the CRES Provider's account number (if different from utility account number), rate code, rider code (if applicable), most recent 12 months of electric consumption, and meter reading cycle. The Aggregation Program database will be updated at least quarterly. The Township and/or its Consultant will have the right to access information in the database for purposes of auditing.

The CRES Provider will provide and maintain the required computer system to effectively process Aggregation Program enrollments, opt outs, billing, etc., with the applicable electric distribution utility.

The CRES Provider will provide a local or toll-free telephone number for Participant questions or concerns about enrollment, opt-out provisions, billing, and other Aggregation Program issues.

The CRES Provider will develop internal controls and processes to help ensure that the Township remains in good standing as a governmental aggregator that complies with all laws, rules, and regulations regarding the same as they may be periodically amended.

J. New and Returning Participants

Participants who leave the Aggregation Program and wish to return, consumers who affirmatively choose to participate in the Aggregation Program, and consumers who move into the Township after the initial opt-out period will be afforded the opportunity to enroll in the Aggregation Program on an opt-in basis. However, the Township cannot guarantee rates, terms, and conditions to consumers enrolling in the Aggregation Program after the initial 21-day opt-out period. Opt-in Participants enrolling in the Aggregation Program will execute a contract with the selected CRES Provider delineating the rates, terms, and conditions prior to being placed into the Aggregation Program. Consumers may contact the Township's Consultant or CRES Provider to obtain current enrollment information and applicable contract.

Participants who relocate within the Township limits and retain the same electric distribution utility account number will be allowed to continue in the Aggregation Program at their new location under the same terms and conditions as their former location, provided the electric distribution utility rate classification is the same at both locations, and subject to any switching fees imposed by the consumer's electric distribution utility. The CRES Provider will comply with all local, state and federal rules and regulations regarding discontinuing service to Aggregation Program Participants.

K. Billing

At this time, the Township plans to utilize the applicable electric distribution utility's consolidated billing service in which each consumer account receives one bill itemizing the CRES Provider's electric supply charges and the electric distribution utility's delivery and other PUCO-approved charges. The billing statement will be consistent with applicable PUCO rules and regulations. The Township will consider other billing options, including CRES Provider consolidated or dual billing, if and when they become available and if it appears advantageous to do so.

L. Questions and Concerns

The Aggregation Program only impacts the purchase or source of generation or power supply. The applicable electric distribution utility will continue to deliver

the electricity purchased through the Aggregation Program to Participants' homes and businesses through its transmission and distribution system.

Participants with questions or concerns regarding service delivery or safety, such as a power outage, a downed power line, sparking power lines or equipment, low voltage, etc., should continue to contact Duke. Meter reading or other billing questions should also be directed to Duke. Questions regarding Aggregation Program enrollment and opting out should be directed to the CRES Provider. Any other general questions regarding the Aggregation Program should be directed to the Township's Consultant.

M. Reliability and Indemnification of Consumers

Electric service reliability is essential to Aggregation Program Participants. The Township will strive to provide high-quality service and reliability through provisions of the CRES Provider contract, through traditional proceedings related to your electric distribution utility's regulated transmission and distribution services, and through direct discussions with your electric distribution utility concerning specific or general problems related to quality and reliability of its transmission and distribution system.

If for any reason a CRES Provider fails to provide uninterrupted service, the Township and its Consultant will attempt to acquire an alternative electric supply.

If this attempt fails, Participants will default to the applicable electric distribution utility's Standard Service Offer. In no case will Participants be without power as a result of the CRES Provider's failure to provide the supply of electricity. The Township and its Consultant will seek to minimize this risk by contracting only with reputable CRES Providers that have demonstrated reliable service. The Township, through its Consultant, also intends to include conditions in its CRES Provider contract that will indemnify Participants against risks or problems with electric supply service.

N. Participant Rights

All Aggregation Program Participants shall enjoy the protections of law afforded to consumers as they currently exist or as they may be amended from time to time. These include rights to question billings or service quality or service practices. All consumers shall also enjoy the individual right to decline participation in the Aggregation Program subject to the terms and conditions contained herein.

All Aggregation Program Participants will be treated equitably. They will be guaranteed the rights to raise and resolve disputes with the CRES Provider, be provided all required notices and information, and always retain the right to opt out of the Aggregation Program or switch suppliers subject to the terms and conditions contained herein.

All consumers within the Township's boundaries shall be eligible to participate in the Aggregation Program on a non-discriminatory basis, subject to the terms and conditions described herein, Ohio law, PUCO rules and regulations governing electric service, and the applicable electric utility's approved tariffs.

Service under the Aggregation Program shall be available to all eligible customer classes. CRES Provider contracts shall also contain non-discrimination provisions to ensure the equitable treatment of all customer classes.

Low-income consumers shall remain subject to all provisions of Ohio law and PUCO rules and regulations as they may be amended from time to time regarding their rights to return to the applicable electric distribution utility's Standard Service Offer and participation in the Aggregation Program.

O. Participant Responsibilities

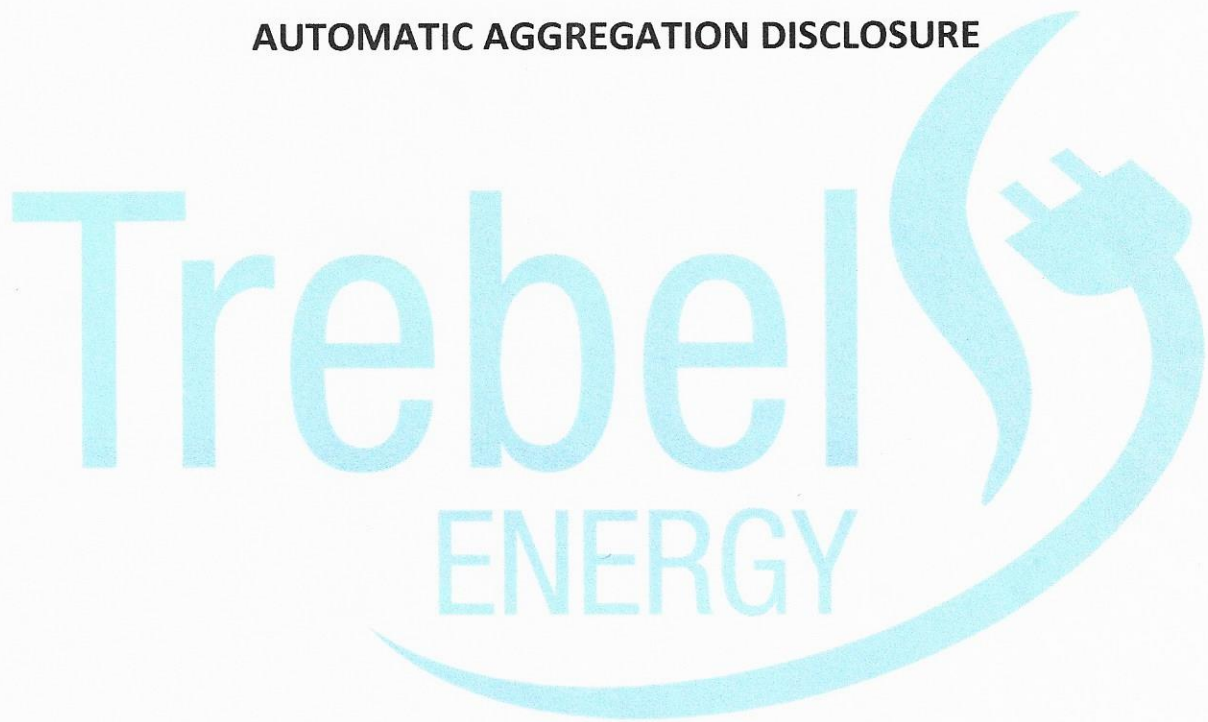

Aggregation Program Participants are subject to the same standards and responsibilities as other electric consumers, including payment of billings and access to metering and other equipment necessary to carry out utility operations.

P. Termination of the Aggregation Program

The Aggregation Program may be discontinued upon the termination or expiration of the CRES Provider contract without any extension, renewal, or subsequent contract being executed. In the event of Aggregation Program termination, each Participant will receive written notification of the termination at least 60 days prior to such program termination and will have the option to return to the applicable electric distribution utility's Standard Service Offer or select another approved CRES Provider.

Community Electric Aggregation Notification

Dear Resident or Small Business,

Welcome to your community's electric aggregation program. In November 2017, members of your community voted in favor of government aggregation, a program authorizing your local officials to purchase electricity from an electric generation supplier certified by the Public Utilities Commission of Ohio. Your community has selected Energy Harbor to be your electric service provider.

How You Benefit

By participating in the aggregation program, you will receive the following exclusive pricing on your electric generation:

	Your Electric Utility	Fixed Price	Term End	Early Termination Fee
Residential	Duke Energy	4.63 cents per kWh	June 2023	None
Small Business	Duke Energy	4.84 cents per kWh	June 2023	None

Same Reliable Service

You will continue to receive a single, easy-to-read bill from your local electric utility with your Energy Harbor charges included. There is no cost for enrollment, you will not be charged a switching fee, and **you do not need to do anything to participate.**

Opt Out Information

You may choose to leave the program at any time, without penalty, and will NOT be charged a cancellation fee. If you do not want to participate in the aggregation program, you must complete one of the following by the Opt Out Deadline:

- **MAIL:** Return the enclosed **Opt Out Reply Form**
- **PHONE:** Call Energy Harbor at 1-866-636-3749 to opt out over the phone
- **WEB:** Enter your 10-digit **Opt Out Code** online at energyharbor.com/opt-out

Opt Out Deadline

Dec 3 - Dec 24, 2021

Enrollment Information

Following the opt out deadline, future bills will reflect the Energy Harbor price listed above upon your next available meter read date, which may take up to 30-45 days. If you are not currently receiving electric generation from Energy Harbor, your electric utility will send you a letter confirming your participation. **To become a member of your community's electric aggregation program, you don't need to take any action when this letter arrives.**

Please refer to the enclosed Terms and Conditions and FAQs (reverse) for more information. Your community encourages members with questions regarding the electric aggregation program to contact Energy Harbor directly. If you have any questions or wish to opt out, please contact us toll-free at 1-866-636-3749, Monday - Friday, 8 am to 5 pm.

Sincerely,

Salem Township

Community Electric Aggregation Program FAQs v.12.20

How is my community able to choose a certified electric generation supplier on my behalf?

Under government aggregation, local officials bring citizens together to gain group buying power for the purchase of competitively priced electricity from a retail electric generation supplier certified by the Public Utilities Commission of Ohio (PUCO). Residents voted to allow the community to contract with an electric generation supplier on their behalf. Your community has selected Energy Harbor to provide you with exclusive pricing on your electric generation.

Who is Energy Harbor?

Energy Harbor is a fully integrated retail energy provider and independent power producer capable of generating substantial carbon-free energy. Headquartered in Akron, Ohio, the company proudly serves nearly one million residential, commercial, and industrial customers in Ohio, Pennsylvania, New Jersey, Maryland, Illinois and Michigan. Your community is one of over 200 who have chosen Energy Harbor to provide electric aggregation programs.

What does it mean to have a fixed or variable price?

This notification states if your price is fixed or variable. With a fixed price, the price you will receive each month does not change. With a variable price, Energy Harbor provides a set % off discount each month regardless of the utility price. Because the actual price per kWh charged by your utility may change each month, your price per kWh from Energy Harbor will also vary, but your % discount is guaranteed to remain the same.

How will I know if I can save money in the aggregation?

You'll know you are saving money as long as your price with Energy Harbor is lower than the utility Price to Compare (PTC) communicated on your bill. To calculate your savings on a % off discount, locate the PTC on your electric bill. Divide your PTC by 100, then multiply it by the % discount (ex: 6% = 0.06) to determine your savings per kWh. Multiply this by your total monthly usage for an average monthly savings estimate.

Why am I receiving this letter if I'm in the aggregation?

As a current member of your community's electric aggregation program, you are given the opportunity to opt out of the program at least every three years. Whether your current contract term with Energy Harbor, or another supplier, is coming to an end, this is your opportunity to either opt out or continue the benefits of the program.

What does it mean to opt out?

Opt out means that you can decide to not participate in your community's electric aggregation program. If you chose to opt out via any of the methods indicated on the front of this notification, you will not be enrolled with Energy Harbor and

will not receive further notifications until the end of the current term.

What happens if I do not opt out?

Whichever method you chose, you must do so by the Opt Out Deadline, or you will be automatically included in your community's electric aggregation program.

Can I opt out of the program at a later date?

Yes, you may leave the aggregation program at any time. *You will not be charged an early termination or cancellation fee if you choose to leave the program at later date for any reason.*

What are my energy supply choices if I decide to opt out?

If you opt out or leave the program at a later date you will be returned to your utility's standard service offer and might not be served under the same rates, terms, or conditions that apply to other customers served by the electric utility. You may also shop for an alternative generation supplier. A list of competitive electric suppliers certified by the PUCO and their current prices are available by calling 1-800-686-PUCO (7826).

As part of the aggregation, will Energy Harbor continue or allow me to begin to budget bill my supplier charges?

For customers in Toledo Edison, The Illuminating Company, Ohio Edison and Duke Energy your utility includes supplier charges in the monthly budgeted amount. No action is necessary to continue that service. However, Energy Harbor will not automatically budget the generation portion of your electric bill in AEP Ohio and AES Ohio service areas. AEP Ohio and AES Ohio will continue to budget the delivery portion of your bill. If you are currently on, or enter into, a budget billing program with AEP Ohio or AES Ohio after enrolling with Energy Harbor and have at least 10 months of usage with Energy Harbor at your current service address, please call 1-866-636-3749, to determine if a budget billing offer through Energy Harbor is available in your community.

Can I still have my payment automatically deducted from my checking account as I do now?

Yes. How you pay your electric bill will not change.

Who is not eligible for an electric aggregation program?

Customers on a special arrangement with the utility such as net-metering, Percentage of Income Payment Plan (PIPP), and mercantile customers who have not provided affirmative consent to join are not eligible for the program. Mercantile and customers with usage greater than 700,000 kWh must contact Energy Harbor to opt-in to the program.

What is the toll-free number for questions?

If you have any other questions, please call 1-866-636-3749, Monday - Friday, 8 am to 5 pm.

Government Aggregation – Electric Terms and Conditions	
Product	Fixed Price
Electric Distribution Utility ("EDU")	Duke Energy Ohio, Inc.
Price and Length of Agreement	4.63 ¢/kWh through your June 2023 meter read
Cancellation/Termination Fee	None

These Terms and Conditions apply to you because you are enrolling for electric generation service with Energy Harbor LLC ("Energy Harbor") through either (a) affirmative consent or (b) not opting out of your community electric aggregation program. If you enroll by affirmative consent, these Terms and Conditions and the enrollment information on the website are your Agreement ("Agreement"). If you choose to remain in the community aggregation program by not "opting-out" or exercising the right of rescission, these Terms and Conditions and your opt-out notification are your Agreement. Please keep a copy of this Agreement for your records.

Energy Harbor is certified by the Public Utilities Commission of Ohio ("PUCO") to offer and supply electric generation services in Ohio. As a Competitive Retail Electric Service ("CRES") provider, Energy Harbor will supply the electric generation to your Electric Distribution Utility ("EDU") based on your usage. Your EDU then distributes or delivers the electricity to you. Energy Harbor sets the generation prices and charges that the customers pay. The PUCO regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

Definitions: *Generation Charge* – Charge for the production of electricity. *Transmission Charge* – Charge for moving high voltage electricity from a generation facility to the distribution lines of the EDU. *Distribution Service* – Basic service for delivering electricity over a distribution system to a customer from the transmission system.

Right of Rescission: If you do not opt-out or you give your affirmative consent and are enrolled to receive generation service from Energy Harbor, your EDU will send you a confirmation letter. You have the right to rescind your enrollment within seven (7) calendar days following the postmark date of the confirmation letter by contacting the EDU by telephone or in writing as described in the letter. The Right of Rescission only applies when a customer switches to a generation supplier and not on renewal enrollments. Your EDU will not send a confirmation notice upon any renewal of this Agreement. Should you choose to opt-out of your community's program, you will be served by your EDU's standard service offer established pursuant to section 4928.14 of the Ohio Revised Code ("ORC") unless you choose an alternate supplier of electricity.

Eligibility: Only eligible residential and small commercial customer accounts not enrolled in the Percentage of Income Plan Program ("PIPP") may enroll in this offer from Energy Harbor. Net-metered customers are not eligible for this offer. Energy Harbor reserves the right to refuse enrollment to any customer with an outstanding balance.

Basic Service Prices: During the term of this Agreement, you agree to pay Energy Harbor a price for combined Generation and Generation Related Charges ("Retail Electric Service"), specified in the table above. Your Price to Compare ("PTC") consists of bypassable transmission, generation and transmission and generation related components, which are charges associated with the costs of purchased power and the cost to deliver the power through the transmission system. These are the charges that you would avoid for that billing period when you switch to Energy Harbor. If your product in the table above is a % Off PTC product, your monthly price per kWh will vary because the EDU's PTC may change based on any changes made by the EDU in its calculations. In addition to Energy Harbor's charges, you will be charged by your EDU for distribution and various other charges. Your price may also include a fee assessed by a broker or agent representing your community.

Length of Agreement: As a part of your community's program, your Retail Electric Service from Energy Harbor will commence with the next available meter reading and after processing of the enrollment by your EDU and continue through the term indicated in the table above. The program may be terminated prior to the term pursuant to the terms of the master agreement between Energy Harbor and your community for the aggregation program. Should the program be terminated, you will be returned to your EDU's standard service offer or its successor. In the event that (1) the PUCO approves or implements a phase-in credit for generation and/or transmission charges of the EDU or takes any other action which affects the PTC or otherwise does not allow the EDU to reflect the full cost to procure generation and transmission in the PTC or other regulatory action; or (2) there is any change in any statute, rule, regulation, order, law, or tariff promulgated by any court, governmental authority, utility, Independent System Operator ("ISO"), Regional Transmission Organization ("RTO") or other service provider, or any change in operating procedure, which alters to the detriment of Energy Harbor its costs to perform under this Agreement, you may receive a notification from Energy Harbor. This notification will include a description of one or more of the situations described above. Energy Harbor may offer you new Terms and Conditions. You must indicate your affirmative consent to the new Terms and Conditions as specified in the notices. If you do not contact Energy Harbor to accept the new terms, this Agreement will terminate on the date specified in the notices, and you may be returned to your EDU for Retail Electric Service. Alternatively, Energy Harbor may decide to terminate this Agreement, and you will receive prior written notice of the termination, after which you may be returned to your EDU for Retail Electric Service. Whether Energy Harbor offers you new terms or terminates this Agreement under this provision, you will not be responsible for any cancellation/termination fee. You must still pay all Energy Harbor charges through the date you are returned to your EDU or switched to another CRES provider for service.

Billing: You will receive a consolidated bill monthly from your EDU for both your Energy Harbor and EDU charges. If you do not pay your bill by the due date, Energy Harbor may cancel this Agreement after giving you a minimum of fourteen (14) days written notice. Upon cancellation you will be returned to your EDU as a customer. You will remain responsible to pay Energy Harbor for any electricity used before this Agreement is cancelled, as well as any late payment charges, if applicable. Your EDU may charge you switching fees. Energy Harbor reserves the right to convert you from consolidated billing to dual billing if such a conversion will facilitate more timely billing, collections, and/or payment. Furthermore, your failure to pay EDU charges may result in your electric service being disconnected

in accordance with the EDU tariff. If you have 12 months of billing history and you are enrolled in budget billing with the EDU, you are eligible to enroll in a budget billing program once per year, where available. At the end of the contract term, you are responsible for payment of any outstanding balance upon final contract true up. Energy Harbor reserves the right to adjust your monthly budget amount prior to final contract true up. If you enroll in budget billing, then choose not to be in the program or if you become two consecutive monthly payments overdue, you will be removed from budget billing, your account will be reconciled, and you will be billed for the outstanding budget balance on your next billing cycle. Budget billing exclusive offers are not available for all aggregation programs and you will not be automatically enrolled in an Energy Harbor budget billing exclusive offer unless explicitly stated in the opt-out notification materials you receive as part of the program. If you meet the eligibility requirements, contact Energy Harbor to determine if an exclusive budget billing offer exists for your community, otherwise, your EDU may be responsible for maintaining your budget billing service.

Penalties, Fees and Exceptions: If you do not pay the full amount owed Energy Harbor by the due date of the bill, Energy Harbor reserves the right to charge a 1.5% per month late payment fee.

Cancellation/Termination Provisions: You may terminate this Agreement at any time without penalty. Customer and Energy Harbor both agree that the following will constitute force majeure events under this Agreement and that Energy Harbor shall have the right to terminate or modify the agreement without liability if: (1) the Electric Security Plan (ESP), Market Rate Offer (MRO) and/or Competitive Bid Process (CBP), or other generation procurement process results in a Price to Compare ("PTC") that is equal to or less than the comparable annualized generation and transmission rates and riders in effect as of the effective date of this Agreement, or (2) the PUCO approves or implements a phase-in credit for generation and/or transmission charges of the EDU or takes any other action which affects the PTC or otherwise does not allow the EDU to reflect the full cost to procure generation and transmission in the PTC or other regulatory action. In the event that the program is terminated, you will be returned to your EDU's standard service offer. Upon termination with Energy Harbor and return to standard service offer with your EDU, you may not be served under the same rates, terms, and conditions that apply to other EDU customers.

Customer Consent and Information Release Authorization: By choosing not to opt-out of your community's aggregation program, or to affirmatively join it, you understand and agree to the terms and conditions of this Agreement with Energy Harbor. You authorize Energy Harbor to obtain information from the EDU that includes, but is not limited to: billing history, payment history, historical and future electricity usage, meter readings, and characteristics of electricity service. Energy Harbor reserves the right to determine if your credit standing is satisfactory before accepting your enrollment request. This Agreement shall be considered executed by Energy Harbor following acceptance of your enrollment request by Energy Harbor, the end of the seven (7) day rescission period, and subsequent acceptance of the enrollment by your EDU.

Customer Consent to Communications: By participating in your community's aggregation program, you agree to receive pre-recorded/artificial voice messages calls and/or use of an automatic dialing device, text messages and/or emails from Energy Harbor or its agents/assigns at any phone number or email address. You agree to be responsible for any charges you may receive on that number, including standard telephone, SMS or text message fees. You may revoke this express consent at any time by calling us at 1-866-636-3749. Such revocation has no bearing on your ability to contract with Energy Harbor.

Contract Expiration: At least every three (3) years, you will be given the opportunity to opt-out of your community's aggregation program at no cost. You are responsible for arranging your electric supply upon termination of this Agreement.

Dispute Procedures: Contact Energy Harbor with any questions concerning the terms of service by phone at 1-866-636-3749 (toll-free) from 8 a.m. to 5 p.m. EST weekdays, or in writing at Energy Harbor, 168 E Market St, Akron, OH 44308. Our web address is www.energyharbor.com. If your complaint is not resolved after you have called your electric supplier and/or your electric utility, or for general utility information, residential and business customers may contact the Public Utilities Commission of Ohio (PUCO) for assistance at 1-800-686-7826 (toll free) from 8 a.m. to 5 p.m. EST weekdays, or at <http://www.puco.ohio.gov>. Hearing or speech impaired customers may contact the PUCO via 7-1-1 (Ohio relay service). The Ohio Consumers' Counsel (OCC) represents residential utility customers in matters before the PUCO. The OCC can be contacted at 1-877-742-5622 (toll free) from 8 a.m. to 5 p.m. weekdays, or at <http://www.pickocc.org>.

Miscellaneous: You have the right to request from Energy Harbor, twice within a twelve (12) month period, up to twenty-four (24) months of payment history, without charge. Energy Harbor is prohibited from disclosing a Customer's Social Security number and/or account number(s) without the Customer's written consent except for Energy Harbor's collections and reporting, participating in programs funded by the universal service fund, pursuant to section 4928.52 of the Revised Code, or assigning a customer's contract to another CRES provider. Energy Harbor's environmental disclosure statement is available for viewing on our website www.energyharbor.com/disclosure-statements. You agree that Energy Harbor will make the required annual and quarterly updates to the environmental disclosure statement electronically on our website. Energy Harbor will also provide the information upon request. Energy Harbor may assign its rights to another, including any successor, in accordance with the rules and regulations of the PUCO. Energy Harbor assumes no responsibility or liability for the following items that are the responsibility of the EDU: operation and maintenance of the EDU's electrical system, any interruption of service, termination of service, or deterioration of the EDU's service. **In the event of a power outage, you should contact your local EDU.** Customer is responsible for providing Energy Harbor with accurate account information. If said information is incorrect, Energy Harbor reserves the right to reprice the applicable account(s) or terminate the Agreement. Energy Harbor reserves the right to return any customer to the EDU if the customer's rate code is changed and the account is no longer eligible for this offer. Customer authorizes, but does not obligate, Energy Harbor to exercise customer's governmental aggregation opt-out rights.

Warranty: Energy Harbor warrants title and the right to all electricity sold hereunder. THE WARRANTIES SET FORTH IN THIS PARAGRAPH ARE EXCLUSIVE AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER STATUTORY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ARISING OUT OF ANY COURSE OF DEALING OR USAGE OF TRADE.

In the event that the program is terminated, you will be returned to your EDU's standard service offer. Upon termination with Energy Harbor and return to standard service offer with your EDU, you may not be served under the same rates, terms, and conditions that apply to other EDU customers.

Customer Consent and Information Release Authorization: By choosing not to opt-out of your community's aggregation program, or to affirmatively join it, you understand and agree to the terms and conditions of this Agreement with Energy Harbor. You authorize Energy Harbor to obtain information from the EDU that includes, but is not limited to: billing history, payment history, historical and future electricity usage, meter readings, and characteristics of electricity service. Energy Harbor reserves the right to determine if your credit standing is satisfactory before accepting your enrollment request. This Agreement shall be considered executed by Energy Harbor following acceptance of your enrollment request by Energy Harbor, the end of the seven (7) day rescission period, and subsequent acceptance of the enrollment by your EDU.

Customer Consent to Communications: By participating in your community's aggregation program, you agree to receive pre-recorded/artificial voice messages calls and/or use of an automatic dialing device, text messages and/or emails from Energy Harbor or its agents/assigns at any phone number or email address. You agree to be responsible for any charges you may receive on that number, including standard telephone, SMS or text message fees. You may revoke this express consent at any time by calling us at 1-866-636-3749. Such revocation has no bearing on your ability to contract with Energy Harbor.

Contract Expiration: At least every three (3) years, you will be given the opportunity to opt-out of your community's aggregation program at no cost. You are responsible for arranging your electric supply upon termination of this Agreement.

Dispute Procedures: Contact Energy Harbor with any questions concerning the terms of service by phone at 1-866-636-3749 (toll-free) from 8 a.m. to 5 p.m. EST weekdays, or in writing at Energy Harbor, 168 E Market St, Akron, OH 44308. Our web address is www.energyharbor.com. If your complaint is not resolved after you have called your electric supplier and/or your electric utility, or for general utility information, residential and business customers may contact the Public Utilities Commission of Ohio (PUCO) for assistance at 1-800-686-7826 (toll free) from 8 a.m. to 5 p.m. EST weekdays, or at <http://www.puco.ohio.gov>. Hearing or speech impaired customers may contact the PUCO via 7-1-1 (Ohio relay service). The Ohio Consumers' Counsel (OCC) represents residential utility customers in matters before the PUCO. The OCC can be contacted at 1-877-742-5622 (toll free) from 8 a.m. to 5 p.m. weekdays, or at <http://www.pickocc.org>.

Miscellaneous: You have the right to request from Energy Harbor, twice within a twelve (12) month period, up to twenty-four (24) months of payment history, without charge. Energy Harbor is prohibited from disclosing a Customer's Social Security number and/or account number(s) without the Customer's written consent except for Energy Harbor's collections and reporting, participating in programs funded by the universal service fund, pursuant to section 4928.52 of the Revised Code, or assigning a customer's contract to another CRES provider. Energy Harbor's environmental disclosure statement is available for viewing on our website www.energyharbor.com/disclosure-statements. You agree that Energy Harbor will make the required annual and quarterly updates to the environmental disclosure statement electronically on our website. Energy Harbor will also provide the information upon request. Energy Harbor may assign its rights to another, including any successor, in accordance with the rules and regulations of the PUCO. Energy Harbor assumes no responsibility or liability for the following items that are the responsibility of the EDU: operation and maintenance of the EDU's electrical system, any interruption of service, termination of service, or deterioration of the EDU's service. **In the event of a power outage, you should contact your local EDU.** Customer is responsible for providing Energy Harbor with accurate account information. If said information is incorrect, Energy Harbor reserves the right to reprice the applicable account(s) or terminate the Agreement. Energy Harbor reserves the right to return any customer to the EDU if the customer's rate code is changed and the account is no longer eligible for this offer. Customer authorizes, but does not obligate, Energy Harbor to exercise customer's governmental aggregation opt-out rights.

Warranty: Energy Harbor warrants title and the right to all electricity sold hereunder. THE WARRANTIES SET FORTH IN THIS PARAGRAPH ARE EXCLUSIVE AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER STATUTORY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ARISING OUT OF ANY COURSE OF DEALING OR USAGE OF TRADE.
