MEMORANDUM IN SUPPORT

Alternative Utility Services, Inc. has been an Ohio Certified Competitive Retail Electric Service Provider, since 2011. AUS was issued Certificate No. 11-230g(5) to operate and provide Aggregation and Power Broker services for the two year period commencing November 6, 2019 and ending November 6, 2021. Unfortunately, due to an administrative error, AUS filed its renewal application on November 22, 2021, which is outside of the time frame set forth by Rule 4901:1-24-04, Ohio Administrative Code ("OAC").

The Commission has plenary authority to extend the expiration date of AUS's certification for good cause shown. AUS's tardiness in filing its renewal application was solely due to an inadvertent administrative error. AUS takes its responsibilities, including timely filing applications for renewal on a timely basis, seriously. AUS apologizes for its administrative error and pledges that all filings going forward will be timely and properly made in compliance with the governing rules in the future.

Additionally, now that the Commission has received a filed copy of AUS's new application the Commission can see that there have been no material changes in AUS's business practices as defined by the Ohio Administrative Code. Nonetheless, AUS recognizes that the Commission Staff still needs adequate time to review AUS's renewal application.

For the reasons stated herein, AUS respectfully requests a brief extension of the expiration date of its certification.

Respectfully submitted,

Daniel H. Hovatter (0099769)
