**Re: Willowbrook Solar I, LLC,
OPSB Case Nos. 18-1024-EL-BGN and 21-0005-EL-BGA**

Dear Ms. Troupe:

On April 4, 2019, the Ohio Power Siting Board (“OPSB”) issued an Opinion, Order, and Certificate (“Certificate”) approving the Willowbrook Solar I, LLC (“Willowbrook”) Certificate of Environmental Compatibility and Public Need subject to a set of conditions. Within this set of conditions, Condition No. 7 requires Willowbrook to notify the OPSB the date on which construction began.

On November 23, 2021 and December 21, 2021, Willowbrook held preconstruction conferences with the OPSB Staff, to review, in part, the planned site grading activity. Subsequent to the preconstruction conferences, Willowbrook maintained additional correspondence with the OPSB Staff about the planned grading activity, in response to which OPSB Staff confirmed its opinion that Willowbrook’s planned grading activity is in compliance with its Certificate obligations. In compliance with Condition No. 7, Willowbrook will commence this grading activity on or around January 4, 2022.

If you have any questions please do not hesitate to contact me.

Sincerely,

Dylan F. Borchers
