Ohio Power Siting Board Case Number 21-0679 -EL-BLN
Proof of Compliance with Ohio Administrative Code 4906-6-11(C)

Dear Chairman French,

The Dayton Power and Light Company (“DP&L”) doing business as AES Ohio hereby files this proof of compliance with the notice requirements set forth in Rule 4906-6-11(C) of the Ohio Administrative Code (“OAC”) for the above-referenced project application. In accordance with OAC 4906-6-11(C), AES Ohio mailed a letter notifying area landowners of the commencement of construction via first class mail on December 28, 2021 (Enclosures 1 & 2).

AES Ohio anticipates that construction of the above-referenced project will begin as soon as January 6, 2022. Construction is expected to be completed by June 1, 2022.

Please contact me if you have any questions regarding this notification letter.

Respectfully submitted,

ss:/ *Randall V. Griffin*

Dear Valued Customer:

The Dayton Power and Light Company d/b/a AES Ohio values you as a customer and makes every effort to keep you informed of changes that may affect your property. We are writing to share the improvements AES Ohio is making to an electric substation that is close to your property. The work is being done at the Clinton Substation which is in Union Township in Clinton County, Ohio.

Actual construction for the project is scheduled to begin on or around January 6, 2022, and the project is expected to be in-service by May 31, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

For additional details about the OPSB and this project, please refer to the OPSB website at <https://www.opsb.ohio.gov/>. To view an electronic version of the application, search Case Number 21-0679-EL-BLN.

If you have questions, please email at dpltransmissionmaintenancegroup@aes.com.

Sincerely,

AES Ohio
