Contact Name	Dan Baksa
Enter your question or comment	<p>In regards to case 20-0417-EL-BGN Grover Hill Wind, I have been told that I should have been contacted as my address of 15799 Rd 24 Grover Hill OH 45849 is very close to a few towers in Grid 26 on Figure 1 of the project location maps. It appears that my house itself is roughly 1500ft from a tower and the edge of my property less than 1000ft. I have not been contacted in any form and had to hear about the wind far by chance and came to your sight to look it up. Is there anything I can or should be doing? Are there any possible issue's to my family's health from the under/above ground power lines that this would include?</p>
