**DIS Case Number: 19-2009-GA-AGG**

## Section A: Application Information

## Section B: Applicant Managerial Capability and Experience

## Section C: Applicant Financial Capability and Experience

## Section D: Applicant Technical Capacity

### **D-1. Operations**

Retail natural gas brokers/aggregators: Include details of the applicant's business operations and plans for arranging and/or aggregating for the supply of natural gas to retail customers.

Operations Description: There could be minimal calling done to set an appointment or to follow up with the client but we will predominately market to clients face to face. We typically do an analysis of their current bill, provide rates and terms from multiple suppliers and match up a supplier that best fits the client's needs. We have the customers sign contracts along with performing a third party verification to protect all parties. Dynamis Energy LLC is a Broker and does not supply natural gas to retail customers.
