Hi Ed,
August 6th is good for LEI, any time that works for AEP Ohio and OVEC. I decided, after all, that we should not include the other company being audited—it would be too hard to keep everything confidential. So the virtual SV would be your folks and the OVEC team, the LEI team (myself, Hao Wang, and Jinglin Duan), and Mahila Christopher and Rodney Windle from PUCO.

Best,
Marie

Marie –

We are working on material for the virtual site visit. We plan on submitting the documents on August 3. Wanted to set up a time for the “meeting”. We have conflicts the 3, 4, and 5 (one of the plant managers is unavailable). When would be a good time for you with that in mine?

Dear Ed,

LEI is currently auditing the PPA of another participant in the OVEC ICP. It might be convenient for the OVEC folks to have to provide only one virtual SV to provide us with information on the environmental-related questions that the virtual SV will cover.

Would it be acceptable to you if we were to use the material from the OVEC virtual site visit in the other audit? We would offer the option to the other company which we are auditing, and allow them to look at the virtual SV materials. This is entirely up to AEP Ohio. We offer it only to avoid duplicate work for the OVEC folks.

Best,
Marie

Hi Mike, I just tried to call you back but got a general AEP message. I can make the numbers work for Jan 2018, but not for the other sample months. Would you mind giving me a call again? 617-599-9308.
Thanks very much,
Marie
