Enter your Comment or Complaint:	<p>It's about time our community does something about solar and our schools. The Border Basin project does both. My daughter has solar panels and she loves them and other renewable energy. I've lived here 62 years, and this is my home. I'm 90 and I'd love to live to 100 and see this energy come to fruition. We can't get our power from oil forever.</p>
