City:	Arcadia
State	Ohio
Docketing Case Number:	21-0277-EL-BGN
Project Name:	Border Basin
Enter your Comment or Complaint:	<p>Courier Letter to the editor March 31: "Don't block the wind and sun Hancock County will do better with wind and solar energy than without it. To ban these alternate sources of energy will be a hindrance to the growth of the county. Residents should have the benefit of forward progress. Both energies are relatively new to our area. Give these producers time to develop and improve their energy systems. Perhaps further regulation may be necessary, but to ban these activities throughout the entire county is counterproductive. A few remonstrators should not be able to determine what might be better for all of the county residents. America must become more energy independent. The wind and sun are there for our use. Let's use them to our advantage."- Bill Trame</p>
