I will be directly impacted if South Branch is approved. I live in the general area the project will be built in and will work on the project when construction starts. I take pride in my work and don't often get work in Hancock County and certainly not close to my home. We all know that the tax revenue South Branch will bring in will be a great help Arcadia schools grow and progress. South Branch Solar will be a positive addition to our community. This benefits every member of our community.</p> <p>Dave Thomas Case # 21-0669-EL-BGN South Branch Solar</p> |
