Solar energy is a safe and effective source of energy. We need to produce more energy in our local community. We have an obligation to make better for our future generations and solar farms are one way we can do that. Added tax revenue will allow the local schools to invest in our younger generation. South Branch Solar is a benefit to our county. Thank you for your consideration. Megan Pisarsky, Findlay Case number 21-0669-EI-BGN South Branch Solar</p>
