My husband is an electrician and relies on projects like South Branch for work. I believe that we need to produce more energy and solar is a reliable source of energy. Solar farms benefit communities in many ways, but the biggest benefit is the added tax payments to local schools in the county. I believe South Branch Solar is a positive addition to our community and I fully support solar energy. Deb Lemmerman, Findlay Case number 21-0669-EI-BGN South Branch Solar</p>
