Letter of Notification
Knox-Nottingham 138 kV Transmission Line
Rebuild Project -Kilgore (Polo Road)-New Stacy BUC Segment
Case No. 22-0285-EL-BLN

Dear Ms. Troupe:

American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, hereby transmits the enclosed Letter of Notification ("LON") application, which has been completed in accordance with the requirements of Ohio Administrative Code Chapters 4906-3 and 4906-6.

In this Project, American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, is proposing to rebuild the approximately 9.0-mile Kilgore (Polo Road)-New Stacy BUC portion of the approximate 44-mile Knox-Nottingham 138 kV Transmission Line. The Project extends from existing Structure No. 2788 (new Structure No. 332), the point of interconnection with American Electric Power ("AEP") in Carroll County to existing Structure No. 2732B (new Structure No. 276), the point of interconnection with Buckeye Power in Harrison County.

Pursuant to OAC Rule 4906-2-04(A)(3), please be advised of the following:

a) Name and address of the applicants:

American Transmission Systems, Incorporated
76 South Main Street
Akron, Ohio 44308

b) Name and location of proposed facilities:

Knox-Nottingham 138 kV Transmission Line Rebuild Project -Kilgore (Polo Road)-New Stacy BUC Segment.

The Project is located in Perry Township, Carroll County and Rumley and Archer Townships, Harrison County, Ohio.

c) Applicant's representative:

Scott M. Humphrys
Transmission Siting Supervisor
Transmission and Substation Design
FirstEnergy Service Company
76 South Main Street
Akron, OH 44308-1890

Attorney for Applicant:

Devan K. Flahive (0097457)
Porter, Wright, Morris & Arthur LLP
41 South High Street, Suite 2900
Columbus, OH 43215-6194
Tel: (614) 227-1989
dflahive@porterwright.com (willing to accept service via e-mail)

d) The attached Letter of Notification Application reflects one difference in the information provided in the preapplication notification letter: the northern endpoint of this Project is in Perry Township rather than in Loudon Township. For clarification, the Kilgore (Polo Road) Substation is located in Loudon Township. However, the transmission line segment encompassed by this Project physically ends at a point of interconnection ("POI") with AEP slightly to the west, in Perry Township; AEP owns the line extending from that POI to the Kilgore (Polo Road) Substation.

e) A notarized statement that the information contained in the application is complete and accurate is attached as Attachment 1.

We have provided a copy of the Letter of Notification application by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed Project listed in Attachment 2. Copies of the transmittal letters addressed to the local government representatives of Perry Township, Carroll County, Rumley Township, Archer Township and Harrison County are enclosed for your file. Copies of the transmittal letters to the local library are also enclosed.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (330) 384-2526.

Sincerely,

Scott M. Humphrys
Transmission Siting Supervisor
Transmission and Substation Design
FirstEnergy Service Company
