Subject: Watershed Map

Dear Deidra,

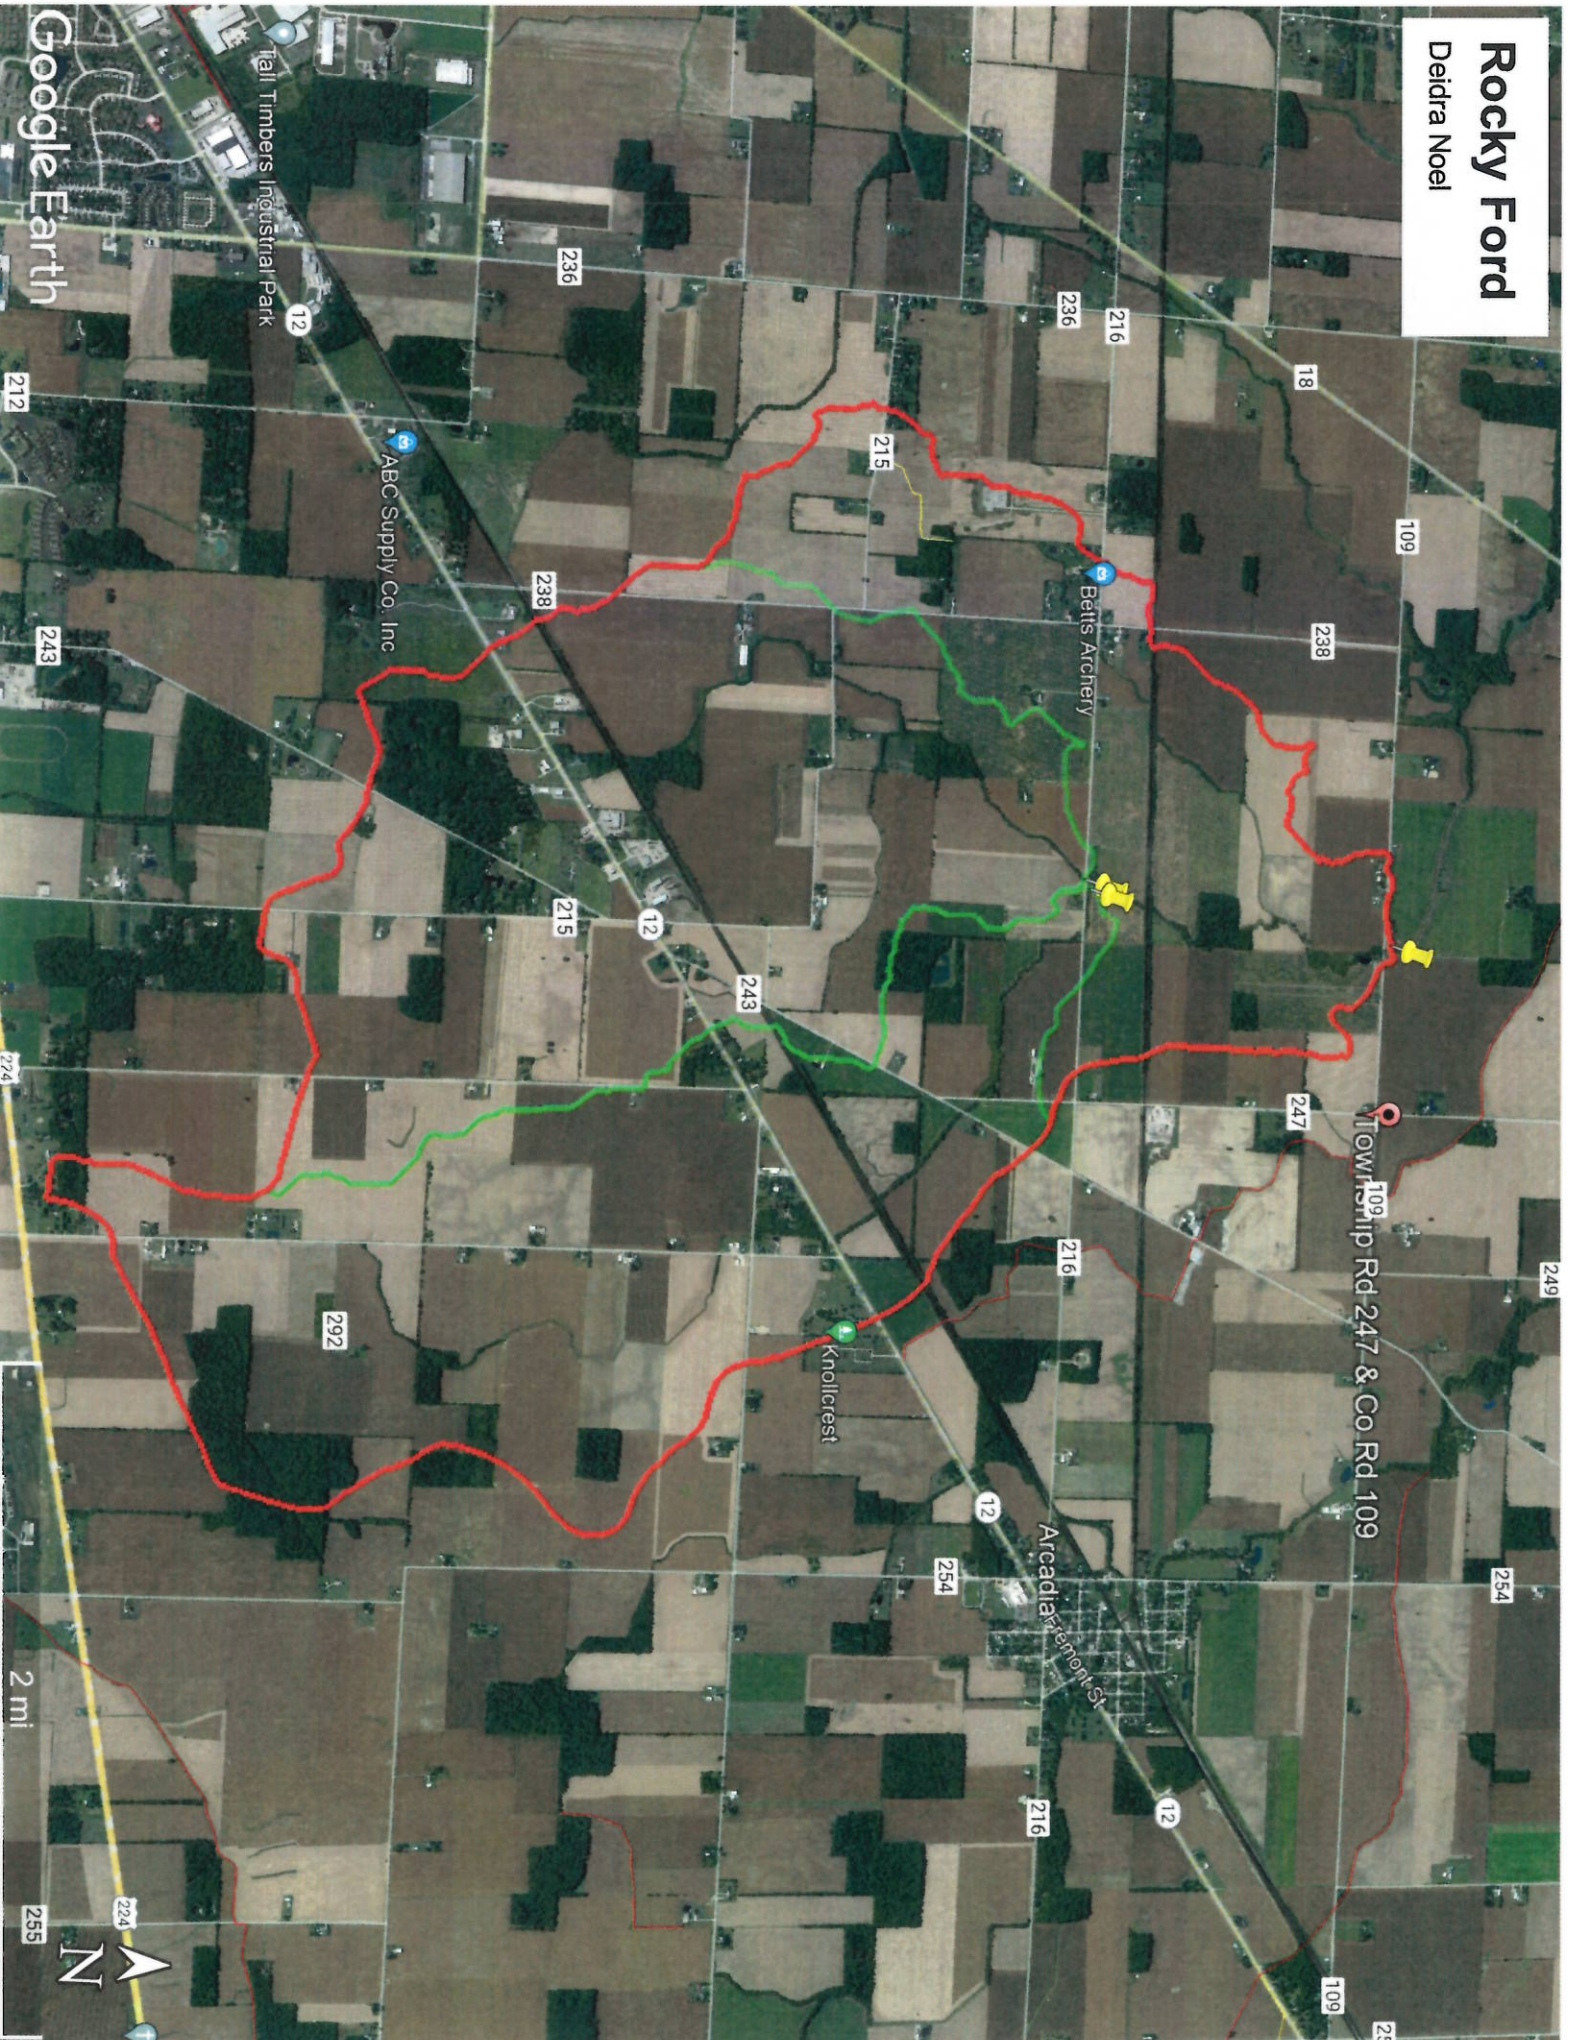

I am attaching the watershed map that we had talked about. The watershed outlined in the red outline contains 4,812 acres. The smaller watershed at the bottom right in green contains 1,808 acres. Then the other smaller watershed in green to the middle of the large watershed contains 1,899 acres. If you would like to see something different or a close up of the map please feel free to let me know. The watershed map points were delineated using USGS Stream Stats.

Thanks,

Jason Althaus
