

3.2.1.13 Viewpoint 10 Existing Conditions

Viewpoint 10 is situated along TR 26 (N County Line Rd), facing east towards an open agricultural field. The existing conditions in this view show the rural field that extends from the foreground to the background of the visual. The forested woodlot on the left side of the image is located approximately 0.32 miles from the viewpoint, and the residences in the background of the image are located approximately 0.9 miles from the viewpoint. (Figure 3-9, Existing Conditions).

3.2.1.14 Viewpoint 10 Proposed Project

With the addition of the proposed Project, panel arrays and associated fence line can be viewed in the image background, but are not highly visible from this viewpoint. Because of the lack of visibility from this roadside viewpoint, which is approximately 0.61 miles from the panels in view, no additional plantings are proposed (Figure 3-9, Visual Simulation).
