Subject: Birch Solar Opposition

Hello,

I am writing you to voice my opposition to the Birch Solar 1 solar complex. Our County Commissioners have passed a resolution excluding our county for renewable energy developments of this size and I believe this should be applied to the Birch Solar 1 power plant. This will have immensely negative effects on the health of all residents, as well as the environment, and wildlife. Property values will plummet, and residents and land owners will not be able to sell the properties they own. This has to stop. I'm not against renewable energy. I'm against renewable energy projects being thrust upon populated areas. There are countless numbers of places that an industrial scale solar plant like this would be better suited for construction. Allen and Auglaize counties are not those places.

Respectfully,

Tyler Shaffer
22160 State Route 198
Cridersville, OH 45806
