<b>Enter your question or comment</b>	I support welcoming our county to the Chipmunk Solar Project,Case Number #21-0960-EL-BGN, Project Chipmunk Solar because I think that we can be the leader in showing our state that we not only support property rights, but we also support a diverse environment when it comes to energy production. No one should say solar energy should be the only way we can be energy efficient, but if landowners want to have a solar farm and we get to benefit from tax revenue, I believe the decision is easy: SUPPORT CHIPMUNK!
