Enter your question or comment	Chipmunk Solar is a great idea for Pickaway County. We need to support the project because that is a good opportunity to move our county into a more energy-independent county. It will make it easy for folks that are considering the move to our county to realize that Pickaway is open to growth and prosperity. We have to support opportunities like to enjoy years of a healthy economy that takes advantage of an uptick in tax revenue. Please support solar energy and support Chipmunk Solar!
