<b>Enter your question or comment</b>	<p>I appreciate the community engagement by the folks supporting the Chipmunk Solar Farm Project. When you look at all the facts on whether or not to support solar energy in Pickaway County, it is clear we should do everything possible to have it operate. I have been encouraged that similar solar farm projects in other areas of the country have produced more tax revenue, more jobs, and a more sustainable way to produce energy. As we move away from the pandemic we have to realize that ensuring our financial stability is important for long-term success. Having projects like the Chipmunk Solar Project that will bring in millions of dollars of tax revenue would be a major victory in terms of locking in long-term financial success for Pickaway County. Please support Chipmunk Solar! Case Number #21-0960-EL-BGN, Project Chipmunk Solar</p>
