Subject: re: solar in Shawnee, Allen County

As residents of my township, Shawnee, Allen County, who have restricted 50MW or higher solar per Senate Bill 52, we are vehemently opposed to the Birch Solar 2,345 acre industrial solar facility proposed in our community for many reasons as have been outlined FOR A YEAR AND A HALF. As landowners and taxpayers, we deserve to have our voices heard and taken into serious consideration before any negotiations or final decisions are made. Please do the right thing. If this is approved, we feel it will devastatingly affect our property values/natural landscape, wildlife habitat, and safe water sources; storm water runoff issues; gas and oil well mitigation, which is unacceptable. Ohio Power Siting Board, please render the DENIAL of this project.
