Enter your question or comment	<p>We need Pickaway County to be the leader in energy production. I believe solar energy is not the means to an end, but it is important to lead the nation in the all above approach when it comes to energy production. I have seen other solar energy projects- and for the practicality of easily getting more tax revenue and opportunities for job production I do not see why we should not support the Chipmunk Solar Project. Case Number #21-0960-EL-BGN, Project Chipmunk Solar</p>
