Subject: Opposing Birch Solar

Dear Mr. Butler

I am writing to ask you not to allow the Birch Solar Project which is proposed for Shawnee and Logan Townships in Allen County. This project will lower property values, and will surely be an eyesore to anyone living near it as I do.

The project would be installed 800 feet from my house.

There is the possibility that it might be expanded at a later date.

The impact of this project on our area is catastrophic. Water runoff, pollution of our ground water, damage to wildlife habitat, loss of productive farm land, and residential property devaluation are all sure to happen if this project is allowed to be completed.

As a resident of the area that will be impacted by this money grab by a huge corporation that cares nothing about the more than 400 people per square mile I am begging that you do not allow this to happen.

Kenneth E. Harris
4100 West Breese Road
Lima, Ohio 45806
