I ask that my case(OH17777003089D) be dismissed with prejudice. Reason one is it been over six months since this charge has been brought against me and i have been denied the access to the to prove my innocence in court in front of a judge.Reasons two is the evidence i ask from State of Ohio has not been receive.Reason three is i have been denied access to a court to prove my innocence on this charge in a timely manner

You have the option to participate by video conferencing (if you have compatible equipment necessary for doing so) or, alternatively, by simply telephoning into the settlement conference. I do not know whether the camera and radio communication you mention is compatible. Normally, compatible equipment entails a smart device with a camera. To video conference, one participates by clicking (from their device) on the address given, in this case, 682042763@t.plcm.cc. Then, from there, the participant enters the Video Conference ID, in this case, **111 472 125 8**.

I recommend using the phone in option. It is easier, and is the mode most often used to conduct settlement teleconferences.

To do so, from any phone, dial-in to the number 1+ (614) 721- 2972.

Once there, you will be prompted to enter a conference code number, in this case, **853 137 595#**.

The call will proceed as a telephone conference.

The purpose of the call, or video conference, will be the opportunity for you to discuss (with the Commission's Staff and the attorney general who represents the Staff) the possibility of

settling the case, which, if settlement is achieved, would preclude the need for the case proceeding to a formal hearing. It is an opportunity for the parties themselves, rather than the Commission itself, to resolve the case, that is, for the case to be resolved by the parties without the need for the Commission to formally hear the case and decide the case based only on the hearing record.

If no settlement is achieved, a formal evidentiary hearing will be scheduled and held. I will be the hearing officer who will preside at the hearing, if any hearing is held. Although I will introduce myself at the beginning of the settlement teleconference call or video conference, I will thereafter exit the call or conference, and will be excluded from any part in any settlement discussions that occur.

Let me know if you have further questions.

How does this setup work. Are we doing this by the computer?

Will I have access to the dashcam and the body camera and the radio communication?
