**Ohio Edison Company  
The Cleveland Electric Illuminating Company  
The Toledo Edison Company  
(FirstEnergy)  
Case No. 22-340-EL-RDR**

**Background**

On April 27, 2022, First Energy filed its proposed Rider GEN tariffs in Case No. 22-340-EL-RDR. The proposed tariffs were filed in response to and in compliance with the Commission Opinion and Order in Case No. 14-1297-EL-SSO dated March 31, 2016 (ESP IV Order), the Finding & Order dated May 25, 2016 in Case No. 16-541-EL-RDR and Finding & Order dated February 13, 2020 in Case No. 16-936-EL-UNC.

The proposed tariffs include Standard Service Offer (SSO) generation rates, Time of Day (TOD) generation rates and Percentage of Income Payment Plan (PIPP) generation rates. The proposed SSO and TOD rates include the results of the most recent auction held March 7, 2022, approved by the Commission on March 9, 2022, in Case No. 16-776-EL-UNC. The proposed PIPP generation rate reflects the results of the PIPP auction held April 4, 2022, and approved by the Commission on April 6, 2022, in Case No. 16-936-EL-UNC.

The proposed tariffs will become effective on June 1, 2022.

**Staff Review and Recommendations**

Staff has reviewed the proposed tariffs filed on April 27, 2022 and finds that the tariffs appear to be in compliance with Commission Orders and accurately reflect all relevant auctions, including the most recent March 7, 2022, and April 4, 2022, auction results.

**Conclusion**

The Staff recommends that the proposed tariffs filed on April 27, 2022 be approved and become effective on a service rendered basis on June 1, 2022.
