AES Ohio  
1900 Dryden Road  
Dayton, Ohio 45439

May 12, 2022

Chairman Jenifer French  
Ohio Power Siting Board  
180 East Broad Street  
Columbus, Ohio 43215

Re: **Airport to Miami 138kV**  
Ohio Power Siting Board Case Number 21-0973-BLN  
Proof of Compliance with Ohio Administrative Code 4906-6-11(C) and (B)

Dear Chairman French,

The Dayton Power and Light Company doing business as “AES Ohio” hereby files this proof of compliance with the notice requirements set forth in Rules 4906-6-11 of the Ohio Administrative Code (“OAC”) for the above-referenced project application:

1. In accordance with OAC 4906-6-11(C), AES Ohio mailed a letter notifying area impacted and adjacent landowners of the commencement of construction via first class mail on April 28, 2022 (Enclosures 1, 2, 3, & 4).
2. In accordance with OAC 4906-6-11(B), AES Ohio submits this notice to inform you that construction of the above-referenced project will commence as soon as June 1, 2022.

Please contact me if you have any questions regarding this notification letter.

Respectfully submitted,

ss:/ *Randall V. Griffin*

Randall V Griffin (Ohio Bar No. 0080499)  
Chief Regulatory Counsel  
AES Ohio  
937-259-8983 (cell)  
[Randall.griffin@aes.com](mailto:Randall.griffin@aes.com)

Enclosure: (1) Proof of notification mailing to area impacted landowners; (2) Proof of notification mailing to area adjacent landowners; (3) Notification letters to area impacted landowners; (4) Notification letters to area adjacent landowners

---

**Enclosure 1**  
**Proof of Notification Mailing to Area Impacted Landowners**

Re: **Area Construction Notification**  
Miami to Airport 138kV Extension Project  
PUCO Case Number 21-0973-EL-BLN  
Parcel: G12-080471

Dear Neighbor:

You are receiving this letter because you own property in Miami County, Ohio near where The Dayton Power and Light Company d/b/a “AES Ohio” will be constructing upgrades to the local power grid. We are writing to inform you that the construction of the new 138 kilovolt (“kV”) Miami to Airport line extension (the “Project”) will be starting soon, in the vicinity of your property. This line will tap into the existing West Milton to Miami 138kV line located in Monroe Township in Miami County, Ohio. The new line extension will run approximately 1.2 miles along Peters Road and Ginghamburg-Frederick Road and will connect to the new Airport Substation. This upgrade will improve reliability and support the growing load center near the Dayton Airport and will serve both AES Ohio and Pioneer Electric customers in the area.

Construction for the Project is scheduled to begin on June 1, 2022 with foundation work, tree clearing, and pole installation happening later this year. The Project is expected to be in-service by December 31, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction related to the Project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service. Restoration and repairs will be made to any customer property damage that may occur related to construction activities.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

In accordance with Ohio Administrative Code (OAC) Rule 4906-6-05, this Project falls within the Ohio Power Siting Board (OPSB) requirements for a Letter of Notification (LON) application. For additional details about the OPSB, please refer to its website at [www.opsb.ohio.gov](http://www.opsb.ohio.gov). To view an electronic version of the Project LON, access the AES Ohio Project webpage ([www. https://www.aes-ohio.com/miami-airport-138kv-extension-project](https://www.aes-ohio.com/miami-airport-138kv-extension-project)) or the OPSB Project webpage (<https://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=21-0973-EL-BLN>).

If you have questions, please contact John Donnelly at [john.donnelly@bcs-oh.com](mailto:john.donnelly@bcs-oh.com) or (513) 339-2387 Ext 406.

Sincerely,

AES Ohio

Miami to Airport 138kV Extension Project  
PUCO Case Number 21-0973-EL-BLN  
Parcel: G12-044200

Dear Neighbor:

You are receiving this letter because you own property in Miami County, Ohio near where The Dayton Power and Light Company d/b/a “AES Ohio” will be constructing upgrades to the local power grid. We are writing to inform you that the construction of the new 138 kilovolt (“kV”) Miami to Airport line extension (the “Project”) will be starting soon, in the vicinity of your property. This line will tap into the existing West Milton to Miami 138kV line located in Monroe Township in Miami County, Ohio. The new line extension will run approximately 1.2 miles along Peters Road and Ginghamburg-Frederick Road and will connect to the new Airport Substation. This upgrade will improve reliability and support the growing load center near the Dayton Airport and will serve both AES Ohio and Pioneer Electric customers in the area.

Construction for the Project is scheduled to begin on June 1, 2022 with foundation work, tree clearing, and pole installation happening later this year. The Project is expected to be in-service by December 31, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction related to the Project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service. Restoration and repairs will be made to any customer property damage that may occur related to construction activities.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

In accordance with Ohio Administrative Code (OAC) Rule 4906-6-05, this Project falls within the Ohio Power Siting Board (OPSB) requirements for a Letter of Notification (LON) application. For additional details about the OPSB, please refer to its website at [www.opsb.ohio.gov](http://www.opsb.ohio.gov). To view an electronic version of the Project LON, access the AES Ohio Project webpage ([www. https://www.aes-ohio.com/miami-airport-138kv-extension-project](https://www.aes-ohio.com/miami-airport-138kv-extension-project)) or the OPSB Project webpage (<https://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=21-0973-EL-BLN>).

If you have questions, please contact John Donnelly at [john.donnelly@bcs-oh.com](mailto:john.donnelly@bcs-oh.com) or (513) 339-2387 Ext 406.

Sincerely,

AES Ohio

Re: **Area Construction Notification**  
Miami to Airport 138kV Extension Project  
PUCO Case Number 21-0973-EL-BLN  
Parcel: G12-050200

Dear Neighbor:

You are receiving this letter because you own property in Miami County, Ohio near where The Dayton Power and Light Company d/b/a “AES Ohio” will be constructing upgrades to the local power grid. We are writing to inform you that the construction of the new 138 kilovolt (“kV”) Miami to Airport line extension (the “Project”) will be starting soon, in the vicinity of your property. This line will tap into the existing West Milton to Miami 138kV line located in Monroe Township in Miami County, Ohio. The new line extension will run approximately 1.2 miles along Peters Road and Ginghamburg-Frederick Road and will connect to the new Airport Substation. This upgrade will improve reliability and support the growing load center near the Dayton Airport and will serve both AES Ohio and Pioneer Electric customers in the area.

Construction for the Project is scheduled to begin on June 1, 2022 with foundation work, tree clearing, and pole installation happening later this year. The Project is expected to be in-service by December 31, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction related to the Project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service. Restoration and repairs will be made to any customer property damage that may occur related to construction activities.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

In accordance with Ohio Administrative Code (OAC) Rule 4906-6-05, this Project falls within the Ohio Power Siting Board (OPSB) requirements for a Letter of Notification (LON) application. For additional details about the OPSB, please refer to its website at [www.opsb.ohio.gov](http://www.opsb.ohio.gov). To view an electronic version of the Project LON, access the AES Ohio Project webpage ([www. https://www.aes-ohio.com/miami-airport-138kv-extension-project](https://www.aes-ohio.com/miami-airport-138kv-extension-project)) or the OPSB Project webpage (<https://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=21-0973-EL-BLN>).

Re: **Area Construction Notification**  
Miami to Airport 138kV Extension Project  
PUCO Case Number 21-0973-EL-BLN  
Parcel: G12-049750

Dear Neighbor:

You are receiving this letter because you own property in Miami County, Ohio near where The Dayton Power and Light Company d/b/a “AES Ohio” will be constructing upgrades to the local power grid. We are writing to inform you that the construction of the new 138 kilovolt (“kV”) Miami to Airport line extension (the “Project”) will be starting soon, in the vicinity of your property. This line will tap into the existing West Milton to Miami 138kV line located in Monroe Township in Miami County, Ohio. The new line extension will run approximately 1.2 miles along Peters Road and Ginghamburg-Frederick Road and will connect to the new Airport Substation. This upgrade will improve reliability and support the growing load center near the Dayton Airport and will serve both AES Ohio and Pioneer Electric customers in the area.

This line will not cross your property. We are writing to let you know there will be construction in the general area of your property.

Construction for the Project is scheduled to begin on June 1, 2022 with foundation work, tree clearing, and pole installation happening later this year. The Project is expected to be in-service by December 31, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction related to the Project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service. Restoration and repairs will be made to any customer property damage that may occur related to construction activities.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

In accordance with Ohio Administrative Code (OAC) Rule 4906-6-05, this Project falls within the Ohio Power Siting Board (OPSB) requirements for a Letter of Notification (LON) application. For additional details about the OPSB, please refer to its website at [www.opsb.ohio.gov](http://www.opsb.ohio.gov). To view an electronic version of the Project LON, access the AES Ohio Project webpage ([www. https://www.aes-ohio.com/miami-airport-138kv-extension-project](https://www.aes-ohio.com/miami-airport-138kv-extension-project)) or the OPSB Project webpage (<https://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=21-0973-EL-BLN>).

Dear Neighbor:

You are receiving this letter because you own property in Miami County, Ohio near where The Dayton Power and Light Company d/b/a “AES Ohio” will be constructing upgrades to the local power grid. We are writing to inform you that the construction of the new 138 kilovolt (“kV”) Miami to Airport line extension (the “Project”) will be starting soon, in the vicinity of your property. This line will tap into the existing West Milton to Miami 138kV line located in Monroe Township in Miami County, Ohio. The new line extension will run approximately 1.2 miles along Peters Road and Ginghamburg-Frederick Road and will connect to the new Airport Substation. This upgrade will improve reliability and support the growing load center near the Dayton Airport and will serve both AES Ohio and Pioneer Electric customers in the area.

This line will not cross your property. We are writing to let you know there will be construction in the general area of your property.

Construction for the Project is scheduled to begin on June 1, 2022 with foundation work, tree clearing, and pole installation happening later this year. The Project is expected to be in-service by December 31, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction related to the Project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service. Restoration and repairs will be made to any customer property damage that may occur related to construction activities.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

In accordance with Ohio Administrative Code (OAC) Rule 4906-6-05, this Project falls within the Ohio Power Siting Board (OPSB) requirements for a Letter of Notification (LON) application. For additional details about the OPSB, please refer to its website at [www.opsb.ohio.gov](http://www.opsb.ohio.gov). To view an electronic version of the Project LON, access the AES Ohio Project webpage ([www. https://www.aes-ohio.com/miami-airport-138kv-extension-project](https://www.aes-ohio.com/miami-airport-138kv-extension-project)) or the OPSB Project webpage (<https://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=21-0973-EL-BLN>).

Construction for the Project is scheduled to begin on June 1, 2022 with foundation work, tree clearing, and pole installation happening later this year. The Project is expected to be in-service by December 31, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction related to the Project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service. Restoration and repairs will be made to any customer property damage that may occur related to construction activities.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

In accordance with Ohio Administrative Code (OAC) Rule 4906-6-05, this Project falls within the Ohio Power Siting Board (OPSB) requirements for a Letter of Notification (LON) application. For additional details about the OPSB, please refer to its website at [www.opsb.ohio.gov](http://www.opsb.ohio.gov). Re: **Area Construction Notification**  
Miami to Airport 138kV Extension Project  
PUCO Case Number 21-0973-EL-BLN  
Parcel: G12-051200

Dear Neighbor:

You are receiving this letter because you own property in Miami County, Ohio near where The Dayton Power and Light Company d/b/a “AES Ohio” will be constructing upgrades to the local power grid. We are writing to inform you that the construction of the new 138 kilovolt (“kV”) Miami to Airport line extension (the “Project”) will be starting soon, in the vicinity of your property. This line will tap into the existing West Milton to Miami 138kV line located in Monroe Township in Miami County, Ohio. The new line extension will run approximately 1.2 miles along Peters Road and Ginghamburg-Frederick Road and will connect to the new Airport Substation. This upgrade will improve reliability and support the growing load center near the Dayton Airport and will serve both AES Ohio and Pioneer Electric customers in the area.

This line will not cross your property. We are writing to let you know there will be construction in the general area of your property.

Construction for the Project is scheduled to begin on June 1, 2022 with foundation work, tree clearing, and pole installation happening later this year. The Project is expected to be in-service by December 31, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction related to the Project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service. Restoration and repairs will be made to any customer property damage that may occur related to construction activities.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

In accordance with Ohio Administrative Code (OAC) Rule 4906-6-05, this Project falls within the Ohio Power Siting Board (OPSB) requirements for a Letter of Notification (LON) application. For additional details about the OPSB, please refer to its website at [www.opsb.ohio.gov](http://www.opsb.ohio.gov). Re: **Area Construction Notification**  
Miami to Airport 138kV Extension Project  
PUCO Case Number 21-0973-EL-BLN  
Parcel: G12-045100

Dear Neighbor:

You are receiving this letter because you own property in Miami County, Ohio near where The Dayton Power and Light Company d/b/a “AES Ohio” will be constructing upgrades to the local power grid. We are writing to inform you that the construction of the new 138 kilovolt (“kV”) Miami to Airport line extension (the “Project”) will be starting soon, in the vicinity of your property. This line will tap into the existing West Milton to Miami 138kV line located in Monroe Township in Miami County, Ohio. The new line extension will run approximately 1.2 miles along Peters Road and Ginghamburg-Frederick Road and will connect to the new Airport Substation. This upgrade will improve reliability and support the growing load center near the Dayton Airport and will serve both AES Ohio and Pioneer Electric customers in the area.

This line will not cross your property. We are writing to let you know there will be construction in the general area of your property.

Construction for the Project is scheduled to begin on June 1, 2022 with foundation work, tree clearing, and pole installation happening later this year. The Project is expected to be in-service by December 31, 2022. AES Ohio does not expect any customer interruptions of electric service because of this work. We understand the construction related to the Project can present a temporary inconvenience as we work to strengthen our infrastructure to provide safe, reliable electric service. Restoration and repairs will be made to any customer property damage that may occur related to construction activities.

Please note, AES Ohio employees always carry company identification. Contracted personnel also carry company identification along with documentation that they are working for AES Ohio. If you have any questions about whether someone works for or is a contractor of AES Ohio please call 800-433-8500 to verify.

In accordance with Ohio Administrative Code (OAC) Rule 4906-6-05, this Project falls within the Ohio Power Siting Board (OPSB) requirements for a Letter of Notification (LON) application. For additional details about the OPSB, please refer to its website at [www.opsb.ohio.gov](http://www.opsb.ohio.gov). To view an electronic version of the Project LON, access the AES Ohio Project webpage ([www. https://www.aes-ohio.com/miami-airport-138kv-extension-project](https://www.aes-ohio.com/miami-airport-138kv-extension-project)) or the OPSB Project webpage (<https://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=21-0973-EL-BLN>).
