I have been supporting the Birch Solar Project since the Allen Auglaize Coalition for Reasonable Energy got together.  
I support Birch Solar because; it's time Clean Energy has come to Ohio, also Major Corporations are switching to solar  
and if Ohio hopes to bring some of these jobs to Ohio we better have more **Clean Solar Energy**.  
To me it is common sense it's time to move forward.  
I am 81 yrs old and I get upset with people who do not have the understanding of what solar can and will do for Ohio they are under the impression of rumors and lies.

Thank you for taking my information into consideration.
