

Re: Case: 21-0960-EL-BGN, Chipmunk Solar  
OPSB Members

I urge Board members to approve the Chipmunk Solar Project. This project will bring money to local schools. This will help children have the resources they need to be successful. COVID has shown how technology is becoming increasingly important for schools. But, technology is expensive! Chipmunk Solar will help children bridge the technology gap.

Also, Ohio needs clean energy! Just recently, another major study has outlined the dire consequences of climate change. Ohioans want and need clean energy. I urge you to allow Chipmunk Solar to go forward.
