Enter your question or comment	<p>As our country continues to grow, so will our energy demand. It is crucial that we support projects like Chipmunk Solar because it will allow Pickaway County to be a leader of an “all above approach” in ensuring we can meet our energy demands. Solar energy is clean and beneficial for every resident of the county. A simple google search will show you that countless counties, cities, and states have had a huge benefit from having solar farms. I urge anyone who reads this to please consider empowering landowners who are going to help with our energy demand by supporting Chipmunk Solar.</p> <p>21-0960-EL-BGN</p>
