Subject: Petition to Preserve & Protect Green Spaces from Utility-Scale Solar

To Whom it May Concern,

Attached you will find signatures from various residents of Hancock County and in the area of concern regarding the proposed large solar array projects.

Please consider these concerned citizens as you review the projects and make your decisions. Agriculture is an extremely important business in the state of Ohio and these projects will ultimately choke off these areas at a time when our food production needs to be maintained closer to home- especially in light of rising fuel costs and extreme drought in the West and Southwestern United States. We cannot afford to allow these A1 agricultural acres to be taken out of production for 30+ years. There are ways to allow more solar development in areas already lost to farming that would obviously cost more to develop but in the long term would be a more coherent plan for the future of electrical power in Ohio.

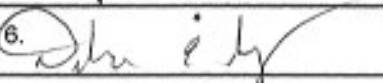

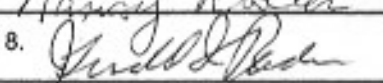

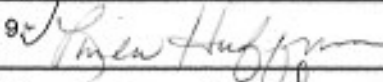

Thank you for your time.

Linda Darnall
Marion Township
Hancock County

Petition to: Preserve & Protect Green Spaces from Utility-Scale Solar

3

Petition Summary:	The South Branch and Border Basin Solar projects are being proposed for construction in our predominantly agricultural and recreational region of Hancock County, Ohio. We are asking you to sign this petition if you would like to preserve and protect green spaces in Hancock County, Ohio from utility-scale solar plants. For more information about the proposed project, our mission, and how you can further support this cause please visit our FB page at Promote Wise Land Use-Hancock County. Email: promotewiselanduse@gmail.com
Action Petitioned For:	We, the undersigned, are concerned citizens who urge our township trustees, county commissioners, and the Ohio Power Siting Board to protect the treasured green spaces in Washington and Cass Townships of Hancock County, Ohio. We urge our trustees, commissioners, and the OPSB to reject any efforts to develop or receive a certificate to develop a utility-scale solar plant (major utility facility) by South Branch and Border Basin Solar projects.

Signature	Voting Residence Street Number and Address	City, Village or Township	County	Date of Signing
