Dear OPSB,

I am writing to request that you DENY the Fountain Point Large Scale Solar Facility, Case 21-1231-EL-BGN in Logan County. Construction has begun in our neighboring Union County with modulars, construction noise, lights on all night, and workers brought in from who knows where to live in their community for years. Many homes within the footprint are now up for sale. Our communities are being torn apart. You must stop these projects. It is so unfair to take the life style of hundreds to benefit only a few. We all know solar is expensive, inefficient energy only made viable through government subsidies. PLEASE stop this madness.

Sincerely,
Jim Culp
