Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

The customer's comments are below:

Columbia Gas wants to triple flat fees for their service. This is outrageous. I have considered going all electric with the fixed fees as it is already. I pay more in fixed fees than I do in gas!

This is a cash grab from a monopoly who knows that change is coming and gas will soon be a thing of the past. Please do not approve their request. It will be very bad for low income residents. The last thing we need is for people doing illegal gas hookups like they do with

electric/cable.

Sincerely,

**Michael Lumbard**
